HALIBURTON COUNTY'S GOOD NEWS ONLY FUN FREE NEWSPAPER

It's Carnival Time

What's great about summer? ... all the great fairs & carnivals that take place throughout the county! These pics were taken at the recently held Wilberforce Country Good Times, but if you missed that and what more... don't miss the Rotary Carnival in Haliburton on August 6. There are also two great Agricultural Fair's taking place in August - one in Wilberforce on the 8th - 9th, and the big County Fair held in Minden on August 15 & 16. Lets not forget the Kinmount Fair on Labour Day Weekend.

Just a little of what we have "in store" for you !!

Doctor's Wanted!

Doctor's Wanted! This is what you'll see on the big yellow sign as you drive along Hwy. 35 as you're passing by Minden. The Minden Rotary Club is picking up the tab for the sign and has committed to doing so throughout the upcoming year. If you're wondering if these signs actually work, just ask the folks in Kinmount how the new doctor in town is doing. Dr. Mayou of Kinmount, was initially attracted to the area by the road side sign that was posted on Hwy. 121. Another interesting fact about Kinmount was the movie that was made there by the National Film Board about the doctor shortage issue. Ted Wilkes, who was involved with the recruitment

Practice In The Beautiful Haliburton Highlands - What a Life!!

**If you are a
doctor, and you're
visiting this great
area, why not
Practice where
you Play...**

committee in Kinmount was instrumental in making the movie happen and it had its world premiere at the Highlands Cinema last May.

It is well known that there is a significant shortage of physicians, nurses and other professional health care workers across Canada. In Ontario, there is a demand for over 700 Family Physicians. At this time, Haliburton County needs an additional four to five physicians. There also appears to be a shortage of x-ray and laboratory technicians and therapists.

It is essential for community development that the County has a stable health care system,

including access to a primary care physician for all residents of our community. If this does not occur, then the County will have difficulty attracting businesses and people to the area, particularly retirees. In fact, residents will start to leave, especially if they have health problems and no family doctor.

According to Statistics Canada, the total population of Haliburton County is 15,083 year round residents. Over the years, the number of cottagers and visitors to the area has increased dramatically. What was once a summer influx, has spread to all four seasons. Cottages are becoming second homes, winterized and used all year long. A large number of retirees have made the family cottage their main residence.

With an estimated population of 35,000 seasonal property owners, this means that approximately 4,200 seasonal residents of Haliburton County are frequently or always residing at their seasonal home during the winter months.

During the four summer months the numerous summer camps include 5,000 campers and staff on any given day. It is estimated that individuals at resorts, lodges and other visitors add up to 10,000 more, making the total summer population somewhere around 45,000 to 50,000 in total.

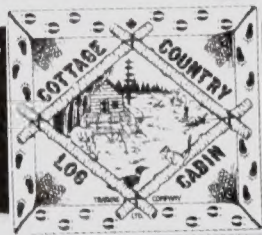

Resorts, summer camps and passing tourists have a large impact on the health needs in the various communities of the Highlands and walk-in clinics have been implemented to manage the number of extra requests for service. The Haliburton Family Medical Centre (HFMC) operates a walk-in clinic 5 days a week, from 8:00 am to 4:00 pm and the two Emergency Departments are used as locations for walk-in primary care.

In order to provide care at walk-in clinics and emergency departments, the local family doctor must take time away from their own patients to serve the increased demand.

Personalized Limo Service

There's Many Reasons To Hire A Limo - Be Creative!!

Check this out! What could be smoother or cooler than pulling up in front of someone's house for that long awaited date or social event (especially someone you really want to impress!) in a sleek and shiny stretch limo?

Marty Grant, owner of Personalized Limo Service, based in Haliburton will even go the extra mile by showing up looking totally impressive in his chauffeur's uniform and hat.

Whether you're heading out on a romantic evening, to the prom, to your wedding or to take in a concert in the city, this comfortable and classy way of transportation is the way to go in style! Everyone you pass on route will be wondering who the important person going by is and guess what? It'll be you!

Not only is this a great way to travel but it is actually very affordable too. According to Marty, his rates are quite comparable to a taxi's rates for those wanting to take the pressure off themselves by having someone else do the driving on a trip to the city, heading to the airport, an evening at Rama or for a group heading out for an evening of fun. "I do lots of runs with groups - that way they are sharing the cost and it works out reasonable. When people take a bus for example, they have to be at the station at a certain time, and come back at a certain time. When I take them I will go when they want, for as long as they want. If a group goes to Rama for example, I'll wait until they are ready to leave."

People have hired limo's for more than special occasions

Marty & his limo are at your service

such as weddings - they make a great surprise for just about any reason. For example - why not rent a limo for someone's birthday - gather 6 - 9 close friends & enjoy. Or if you're going to a concert or event in the city, why not go in style? The cost when split among a group makes the trip affordable - and again, you're going in style.

How about site seeing? Marty says he offers a great site-seeing tour of the area - and what better way to see the sites than relaxing in a comfortable limo? And let's not forget Christmas parties. If you have a small staff, maybe have them picked up in one of Marty's Limos and taken to your company party destination. They won't have to worry about the drinking and driving issue, and all will arrive safely home - in style.

If the airport is your destination, or arrival home from the airport, Marty is more than glad to be at your service. When hiring Marty & his limo for pre-arranged pickup airport service, you actually are picked up in a special section at the airport away from the crowds. "There is a special section for us in all three terminals because of the size of the vehicles," explains Marty. What a way to beat the crowds!!

Really, there are many reasons to rent a limo - just be creative!!

Marty's six passenger limo is equipped with TV, VCR, glasses and a place for ice with plenty of leg room to sit back and relax in. He also has a nine passenger super stretch limo.

Carriage House Shows Their Support For HHHS

Carriage House of Haliburton is happy to be a continuing supporter of the Haliburton Highlands Health Services Foundation (HHHSF). Carriage House is well known for their "Haliburton Rooms", a gazebo that is designed and made exclusively by them. The Haliburton Room has become famous over the past couple of years with cottagers and homeowners alike across Canada.

In 2001, a 10'x 10' room was donated by the Carriage House to the Foundation to be sold by live auction at their annual Gala. Several thousand dollars were raised for the Foundation and this event was a lot of fun for the participants at the auction.

This year, instead of a live auction, the Foundation is holding a sealed bid auction for the 8'x 12' new model of the Haliburton Room that the Carriage House has generously donated to them. By having a sealed bid auction, it will allow people more time

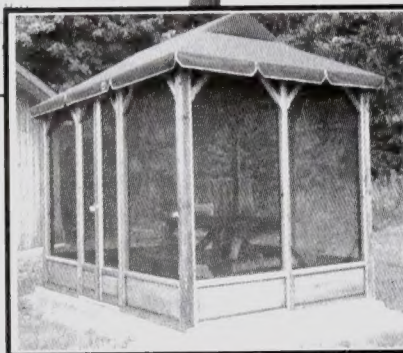

Dale Walker is pictured left with Sally Teasdel.

and opportunity to get in their bids. This is a great opportunity for the public to have a chance at owning a beautiful screened room and supporting their local Health facilities at the same time.

There are locked boxes and bid sheets for this great event are set up at various locations throughout the Highlands such as the Chamber of Commerce in Minden and both emergency departments of the Haliburton and Minden Hospitals. To find out other locations that the Foundation will be putting boxes or for any other questions you may have about the auction, you can reach HHHSF at 457-1580 in Haliburton, 286-1580 in Minden or email them at foundation@hhhs.on.ca. The lucky

new owner of the Haliburton Room will be announced at the Foundation's Martini and Masks Gala on Sept. 20th, 2003 at the Wigamog Inn.

Mark and Sally Teasdel, the owners of Carriage House, located on Industrial Park Rd. in Haliburton, are excited about having this opportunity to once again, show their support

for the HHHSF as well as knowing that someone is going to have the opportunity of enjoying one of their gazebos.

The Haliburton Room was designed to give people the flexibility to erect a screened porch where they may not be able to put a permanent structure. They add valuable living space either in your back yard or at the cottage, offering protection from the sun and pesky insects. They can be stored away for the winter in a minimal amount of space, which protects it from the worst weather. When you set it up in the spring, it looks like new and will for years to come. A simple unsnapping of the roof (dome fasteners) and the whole thing can be put away for winter. These new modular designs make it easy for homeowners to do themselves. Two people can completely erect a Haliburton Room in about 2 hours.

For more information about what the Carriage House has to offer, please call 457-4017 or check out their website at www.haliburtonroom.com.

Personalized Limo At Your Service

...from pg. 3

Available 7 days a week, 24 hours a day, Marty will pick you up and drop you off wherever you want to go. He also has a Sedan for hire. The rates for this vehicle are standard taxi rates. This car is perfect to get around locally or if you just want a smaller vehicle to get to that special location.

Marty came back to Haliburton after spending ten years in Toronto running his own taxi service. As a single parent, he wanted a quieter environment to raise his daughter, Heidi in. He felt that getting into the limo business might provide more flexible hours than other jobs and so allow him the time he needed to spend with his daughter.

Marty's family has had its roots in the Highlands for many years. His Grandmother built Bernstien's Store on the main street of Haliburton in 1923 and his Grandfather had what was known as the Grand Hotel. Marty's mother, Betty Grant is well known to residents of Haliburton for her friendly smile and helpful ways when they stop at Bernstien's to shop. Randy Grant, Marty's brother, works there as well and Marty helps out when he's in-between driving his customers to various locations in and outside of the Highlands.

So the next time you're heading out for an evening of fun and frolic or for anywhere you may need to go, give Personalized Limo Service a call to find out their rates and see for yourself that you can ride in style without hurting your wallet. You can reach Marty at 457-9898 or at 800-558-5287! But don't keep us guessing when you're driving by. Open the window and wave!

Hospital Tag Day

Your chance to help the Haliburton Highlands Health organization is taking place August 15 through the annual Tag Day.

Please support your local hospital by buying a tag from the volunteers situated in various locations throughout the county that day.

Your generosity is very much appreciated!

It's The Law!

These are actual laws that have been passed. Some have since been altered or removed but some remain on the books.

Bachelors in Liverpool, England, in the 16th century were required by law to stay indoors after 9 p.m.

During the 15th century, men in England, Scotland and France who refused a woman's proposal of marriage during a leap year could be punished by law.

In Chicago, Illinois, it's against the law to eat in a restaurant that's on fire.

In Morrisville, Pennsylvania, it was once against the law for women to wear make-up - including rouge, lipstick and eye shadow - without a permit.

An old law in Bristol, Tennessee, made it illegal for a woman to stop and adjust the line of her stocking in public.

A British law called the "Holy Days and Fasting Days Act of 1551 makes it illegal for anyone to drive to church.

It's Madness Once Again In Haliburton - Don't Miss Out!!

There will be Madness in the streets of Haliburton on Friday August 1 and everyone is welcome to come and enjoy the great bargains and fun being offered at this year's Midnight Madness.

This annual event gives all the chance to shop till you drop, or at least until midnight. The fun begins at 8 p.m. The streets of Haliburton are closed to traffic and wide open for all to stroll from shop to shop which being entertained by live music and lots of great surprises.

Let's not forget the great savings. IGA & Stedman's along with many of the main street merchants are offering fantastic deals between the hours of 8 p.m. - midnight. (See ads on pgs. 7 & 13 for some of the great bargains).

Also don't forget to grab a delicious beef on a bun - this tasty annual treat is provided by the Dysart Fire Fighters and money raised goes to this group. They can be found cooking up a storm in front of the Butcher Block. (See ad on pg. 30 for details).

Be sure not to miss out on some spectacular savings and one heck of a great night out shopping.

The Golf Sign

Submitted by Hans Walter of Minden

This sign was posted at a local golf club:

- 1: Back straight, knees bent, feet shoulder width apart.
2. Form a loose grip
3. Keep your head down.
4. Avoid a quick back swing.
5. Stay out of the water.
6. Try not to hit anyone.
7. If you are taking too long, please let others go ahead of you.
8. Don't stand directly in front of others.
9. Quite please... while others are preparing to go.
10. Don't take extra stokes.

Well done... Now flush the urinal, go outside, and tee off!!

Haliburton Highlands Secondary School Is Having A 50th Reunion – Pass It On !!!

Calling all Haliburton Highlands High School alumni! Don't miss out on the opportunity to celebrate the school's 50th Anniversary and to see many of the familiar faces that you passed in the halls, shared laughs with or hung out with during those wistfully remembered days of being a teenager. (Oh, to be that young again!)

On May 14th, 15th and 16th, 2004 you'll have the chance to share a few laughs again and to take a trip down memory lane with old friends while you check out the displays on the history of the school. Although it seems like a long ways away, it is recommended you register early, and also pass along the word to other past student's of HHSS. After-all, this is going to be "the big one" – and you won't want to miss it.

Plans are already underway for an eventful reunion. On the Friday evening, there will be memorabilia displayed throughout different rooms of the school as well as refreshments served. Opening Ceremonies will take place at the school on Saturday morning and on Saturday evening there will be dinner and dancing at the Haliburton Curling Club then back to the school Sunday for Closing Ceremonies and a barbecue. Sounds like a full and interesting weekend!

Be sure to register early though to give the organizers an idea of what they're in for! 50 years! There's been a lot of students traverse those halls! To register for this momentous event, please call Trudy Hawthorne at 705-457-5191 or email t.hawthorne@tldsb.on.ca.

For any questions you may have you can reach the Chairperson, Joan Chapple at 705-489-2755, j.chapple@sympatico.ca as well as the Secretary, Debra Dart at 705-457-1235, Rdart@halhinet.on.ca.

Also check out the school website – there is a section on the reunion there with some interesting history etc. The website is www.tldsb.on.ca/schools/hhss. Once on this site, click on the 'NEW 50th Reunion' section and enjoy. There is also a registration form and info about the reunion here.

Calling All Doctors ... You Are Needed!

...from pg. 2

Haliburton Highlands Health Services (HHHS) operates two facilities, one in Minden and one in Haliburton, which includes a staff complement of approx. 200 individuals treating 28,000 emergency patients (11,000 over the four summer months), 550 patient admissions, 375 rehabilitation patients and approx. 1,150 clients in the community programs annually. The two long-term care facilities are home to a total of 92 residents. There are 8 (3 part time and 5 full time) family physicians in Haliburton and 2 full time family physicians in Minden.

Minden has been designated an under-served area. Many of Haliburton County residents report that they do not have a family

There are 1,500 residents who have recently lost their family physicians and another 400 on the waiting list in Haliburton

doctor. There are 1,500 residents who have recently lost their family physicians and another 440 on the waiting list in Haliburton. Half of the patients who attend the walk-in clinic do not have a family doctor. Many residents live half an hour to an hour away from any health services. Larger regional centres in any direction are at least one hour away, or more. The disproportionately large senior population in the HHHS catchment area places a greater burden on health services in the region than the provincial norm. Illnesses

and other conditions and issues related to low socio-economic status are apparent. Many residents have unmet acute and chronic rehabilitation needs. Existing rehabilitation services are inadequate to meet the needs in the community as the current program only serves those with acute conditions and is only operational two days a week. Residents are most concerned about access to care, retention of health care providers and waiting times for health services. Young families need counseling and education programs. As you can see, there is a definite need in Haliburton County for more doctors.

To address this issue, a Professional Recruitment and Retention Task Force has been formed and they felt to be successful in this undertaking, a community partnership was needed between the County, the Haliburton Highlands Health Services and physicians. The committee now has representation from all these groups, as well as the Haliburton County Development Corporation, the Chamber of Commerce and the HHHS Foundation.

Working together, they developed a strategic plan and operational budget, although this will be an on-going process to meet demand. They have placed advertising in medical magazines and journals and have established a hospitality committee to meet with interested physicians and their spouses to provide a tour of the area and general interests. Some members will be attending the medical school recruitment tours scheduled in the fall. This recruitment infrastructure could be used in attracting other professional and business people with modifications as necessary.

The task force are also participating with the Rural Ontario Medical Practice (ROMP) who assist rural communities in attracting doctors as well as assisting them with what they should be doing at job fairs.

Through an application made to the County Council for funding assistance, the program has recently been designated \$15,000 per physician for at least two doctors and possibly more, as required as an incentive to attract doctors to the area. Dysart Council has said they will provide \$10,000 for new physicians and Minden Hills has already received the "under-served designation" which provides grants of \$15,000 and \$40,000 through ROMP.

According to the HHHS Foundation CEO, Keith Sansford there has already been interest shown by doctors who would like to do a lokum (filling in for other doctors) in Haliburton and Minden. As he says, "We have a number of irons in the fire. The greatest satisfaction I'm getting is watching everyone working together in a community based retention and recruitment initiative. There is no room for divisiveness whatsoever. The community, the medical profession and the business community are leading the way and laying the ground work for a successful campaign."

So, calling all doctors! As the sign on Hwy. 35 in Minden says, if you're interested in practicing where you play, give the Haliburton Highlands Health Services a call at 705-457-4508 for more information. The Highlands community is looking forward to hearing from you!

HALIBURTON COUNTY'S

CLASSICS - ANTIQUES & HOT RODS

Here's an absolute one of a kind car that belongs to Charles Muli of Minden. What we have here is a 1921 Model T with a 1926 Mercury Speedster body. The body is actually held on the frame with only four bolts! The engine is original, the body is all steel

Charles got a call from a friend of his one day, who'd seen an ad for a Model T engine for sale. When Charles went to levy the engine, the woman would only sell it if Charles took the whole car away

There were a bunch of pieces and parts laying around to allow Charles to build almost the entire car. With 4 years in labour, much patience and some luck finding parts here and there, the car took shape to what it is now, a total original, one of a kind classic

"It's a replica of the mercury speedster. There's very few of them around anymore," says Charles. "They didn't sell too many of the speedsters because they were \$90.00 back then and you could buy the Model T for \$260.00.

Some of the features of the car include a 19 hp engine, cherry wood floor and seat, hand powered windshield washer, side intact compartment and a glove box.

Charles took me for a ride and I was quite impressed at how smooth a ride it was for a wooden seat. "People think they bounce all over the place, but they don't," states Charles. He's right

Charles is always looking for Model T parts, so if you know anyone who may have them or if you have some, he'd be happy to hear from you. Charles can be contacted at 286-6126

Dumb Criminals

ID'd as Dumb!

A guy walked into a little corner store with a shotgun and demanded all the cash from the cash drawer. After the cashier put the cash in a bag, the robber saw a bottle of scotch that he wanted behind the counter on the shelf. He told the cashier to put it in the bag as well, but the cashier refused and said "Because I don't believe you are over 21." The robber said he was, but the clerk still refused to give it to him because he didn't believe him. At this point the robber took his driver's license out of his wallet and gave it to the clerk. The clerk looked it over, and agreed that the man was in fact over 21 and he put the scotch in the bag. The robber then ran from the store with his loot. The cashier promptly called the police and gave the name and address of the robber that he got off the license. They arrested the robber two hours later.

From Ground Lighting to Cool Helmet Covers & More... It's All At The Bears Den

Remember those cool cars with the wild lights and glowing chassis in the movie *The Fast and the Furious*? Well, you can now get the same effect for your vehicle with the neon lighting kits available at the Bears Den in Minden. This unique novelty item comes in shades of purple, green, pink and blue and as well as the regular neon kits that the store carries, they will soon be offering the LED under body lighting kits that are seen on the cars in *Fast and Furious II*. LED lighting is made up of small diodes that give off 100,000 hours of light and are extremely durable. (Not to mention cool!) The shop will have LED replacement bulbs and marker lights available as well. They will even install them for you and send you on your way to light up the highways and byways of the Highlands!

And where can you find after market parts for your recreational vehicles that you can pick up 24 hours after you've ordered them? (No I'm not delusional) In Minden at the Bears Den, the new place in town. Located right beside Minden Jug City on Hwy. 35, the Bears Den offers motorcyclists of all makes and models, on or off road, as well as other recreational riders a wide range of products, parts, accessories and novelty items. They can supply you with all your after market parts needs for Harley's, all metric bikes, dirt bikes, ATV's, quads, snowmobiles, as well as some watercraft mechanical parts.

Owners, Rick Martin and Jane Cooper of Minden, have a large selection of suppliers just a phone call away which according to Jane is a good thing to have because they can get the parts for the best prices possible and can get them here within 24 hours. Jane says, "We started out small but we eventually saw more of what's needed up here."

The name for the store, the Bears Den, came about from the

back of the cab of Rick's truck. Everyone knows Rick as the 'Bear' including the couple's children, Mellisa and Billy John who refer to him as 'Daddy Bear'. It seemed an apt name for their new business.

After spending 13 years as a long haul truck driver, Rick spent his last day in the truck in October of 2002 and was happy to have some time to get his bike on the road and enjoy a few road trips. It was while out cruising one day that Rick and Jane

first thought about opening a bike shop. Rick explains, "We saw that there was a definite need in this area for a bike shop and parts supplier."

As well as the usual parts and supplies, such as oils, filters, synthetic oils, helmets, batteries, etc. required for recreational vehicles, the Bears Den carries some pretty unique items. Their line of custom leather clothing and accessories created for them in Montreal are beautifully hand crafted and made mostly from caribou and elk and as Jane says, "No two pieces are the same." Another interesting item you can find at the store is the Helmet Skinz. This neat product fits over all types of helmets like a sock and comes in some wild and crazy patterns so you can change your look and protect your helmet from scratches at the same time.

Drop in and see for yourself what the Bears Den has to offer and if you want to light up your chassis, be sure to ask about the light kits. The store is open Monday to Friday from 10:00 am to 6:00 pm and Saturday from 10:00 am to 3:00 pm or for any questions, you can reach Rick or Jane at 286-3211.

Who Dun-It

Detective Minden stood at the Jackson's front door. He watched through the beautiful oak and glass door as Mr. Jackson came to let him in.

"I understand you've had a robbery here?" asked Minden.

"Yes, thank you for coming so quick detective."

"Tell me what happened Mr. Jackson," said Minden.

"Well Jeeves, our butler went to answer the door when the doorbell rang. As he opened the door, the man burst in and knocked him down. He had a gun and made Jeeves show him where my wife's jewelry was kept. Then he hit Jeeves over the head and left. He got away with a lot of jewelry and some other things," replied Mr. Jackson.

"Is Jeeves here now?" asked Minden.

"Yes, he's upstairs lying down right now," said Jackson.

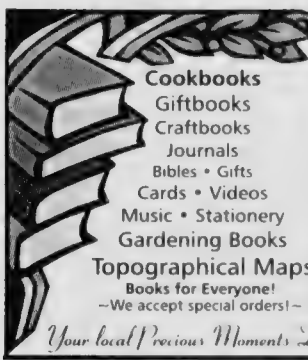

"Did he see what the robber looked like?" inquired Minden.

"No. He said the man wore a mask so he couldn't see his face at all," Jackson explained.

"Do you think Jeeves is well enough to be arrested?" asked Minden.

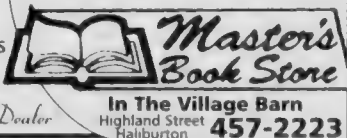

Why does Detective Minden suspect Jeeves?

Quilting Bee Drama Re-Enacts Days Gone By

The Haliburton Highlands Quilters will be re-enacting a turn of the century quilting bee on Wednesday, August 13th, from 11:00 am to 3:00 pm on the grounds of the Minden Hills Museum. Dressed in costumes from the 1800's and early 1900's, the ladies will be getting together to show you their skill at some old time hand crafts, such as tie quilting, hand stitch quilting, crochet, embroidery, needle point, spinning and the very old craft of red work.

Spectators are appreciated for this informal day and it's sure to entertain you as you wander through the buildings at the Museum and watch these ladies go about their business. They will be looking forward to answering any questions you may have about these wonderful crafts.

For anyone interested in sitting in on one of the Haliburton Highlands Quilters monthly meeting, you're welcome to join them at 10:00 am in the church on the grounds before you begin your visit to the turn of the century quilting bee.

For more information, please call the Museum at 286-3154.

PUBLIC INPUT REQUESTED FOR THE HALIBURTON COUNTY RAIL TRAIL MASTER PLAN

The County of Haliburton is developing a Master Plan for the rail corridor that runs from Kinmount to Haliburton. The goal of the Plan is set guidelines for the orderly development, maintenance, use and financing of the Kinmount/Haliburton rail corridor as a signature trail for the Haliburton Highlands Trails and Tours Network and the County of Haliburton. It is the intent that the corridor be developed as a shared-use trail to attract and serve local and visiting trail users.

Consultants (Stantec Inc.) are in the process of collecting information on the rail corridor, and identifying key issues to be addressed. All are invited to provide comments, information, ideas and concerns in the following ways:

- Visit www.trailsandtours.com or the Haliburton Highlands Trails & Tours Network office to review the maps and information gathered to date and presented at the 1st public meeting held on June 20th, and to complete a comment form.
- Attend the 2nd public meeting on...
Tuesday, August 12th, 2003

Canada's Fastest Man On Water: Art Asbury

From the first few moments that I met Art Asbury, I knew that he was a man that I wish I could have known in the early days of his career as a hydroplane racer. His keen intellect, dry sense of humour and the gleam in his eye

are very much in evidence as we talk about his life long passion for racing.

Art retired from racing in 1988. While I visit with him and Eloise, his wife of 17 years in their home near Dorset, listening to him quietly speaking, for just a moment, I can see the face of the young man in 1957 that piloted the Miss Supertest II on her historic World Record run, setting a World Speed Record of 184.5 miles per hour. Even today that record has never been broken in Canada.

Art has led an interesting life and his accomplishments are many. When I asked him how it felt to be considered 'Canada's Fastest Man On Water', Art chuckles and says, "I was before I knew it." To give you an idea of the type of man Art is, I'm going to share a quote of his that I found while reading an article that he wrote shortly after his historic run, "The owners of Miss Supertest, her crew and above all, Miss Supertest herself deserve all the credit for this accomplishment. As for me - I shall always be grateful to them and to her for the "ride"." I truly felt honored to spend a little time with him talking about a career that has spanned over five decades.

Art driving Miss Canadiana at the Molson Invitational Grand Prix, July 1978

Arthur Challinor Asbury was born in Dwight, Ontario on March 24th, 1922. Art's family owned and operated the Dwight General Supply Store and as a young lad, it was one of his chores to deliver the groceries to the summer cottagers. Using a small skiff, powered by a small outboard motor and loaded down with groceries, Art had to travel slowly along the lake. One day while nearing the end of his deliveries, it came to him that if he put the remaining groceries at the front of the boat, he could really start to fly. Thus the beginning of a hydroplane racer.

In 1942, Art joined the Royal Canadian Air Force and in 1944

he had his first claim to fame by giving Her Majesty, Queen Elizabeth a drink of Coke in the Royal Canadian Legion at Edinburgh, Scotland. Flying in Liberator B-24 bombers, he and his crew flew 37

operational missions engaging in action with enemy U-Boats, destroyers, fighter craft and land based targets.

In 1949, Art being a member of Region 13 of the American Power Boat Association, attended meetings along with a long time friend of his Art Hatch from Hamilton. The results of these meetings was the eventual formation of the Canadian Boating Federation (CBF).

Art was also very influential in the development of the Keyhole Life Jacket, and other water

safety aspects. It was while watching a fellow racer that had been thrown from his boat almost drown even though he was wearing a government approved life jacket that Art realized that there was a need for a safer life jacket. He noticed that the jacket makes people float on their stomachs which does not help a person if they are unconscious - they could still drown - it keeps the body floating - but face down.

Some time later, when the Canadian Boating Federation held its convention in London, Ontario, Art with the cooperation of Bill Chipperfield, the physical director of the YM-YWCA, conducted a series of demonstrations at the "Y" pool. He showed the CBF committee that the life jacket which was approved by the boating body, was not only virtually useless, but an actual danger to wear. At the same time, Art demonstrated the U.S. Navy life jacket and proved it to be just as ineffectual as the other.

The demonstrations were witnessed by a representative from

Art Created A Truly 'Life Saving' Life Jacket - One Of His Many Accomplishments In His Life

... from pg. 20

the Department of Transport as well as the members of the CBF and immediately following there was a conclave of officials from the Department of Transport, the Canadian Board of Steamship Inspectors, the Canadian Red Cross, the Canadian Boating Federation and life jacket manufacturers. A committee, headed by Dr. Bernard Wilensky of Toronto and which included Art, was formed with the objective to conduct a series of tests and to investigate what it would take to manufacture a life jacket that would be a 100% safe for everyone. A meeting of the National Research Council attended by Art in Ottawa came up with the specifications for the perfect life jacket for recreational boaters.

Back at his home on Ox Tongue Lake, Art got busy and went to work on three old life jackets. With the help of his mother, who did the sewing end of the job, he tore them apart and kept putting the pieces together until he came up with what he thought was the ideal life jacket. Tests conducted proved that Art was right! His jacket fulfilled every expectation and was given official approval.

In trying to list all of the honors, awards, accomplishments and experiences that Art has accumulated throughout his life, I would have to write a book instead of attempting to try to sum it up in a few paragraphs. Needless to say I was happy to meet Canada's Fastest Man on Water and his wife Elois and have the chance first hand to hear about just a few of those experiences.

Any kind of racing at top speed can of course be dangerous, so I asked Art if he had experienced many injuries. His reply, "I guess the most damage I did to myself was during a race in 1979 when my boat upset on a corner. I flew to the right out of the boat and took the stacks, part of the side deck, the windshield and the instrument panel with me. I ended up with a great deal of bruising all over. My chest was entirely black!" Elois pipes in, "He looked like a racoon

with two black eyes!"

Art continues, "I guess that's when I realized that you could get hurt doing this." But it didn't slow him down. Art continued to race for another nine years - Elois says, "He's a slow learner!"

When Art is asked what race was his most memorable and enjoyable, like most I expected it to be his world record run but he's known for being full of surprises. "The most memorable to me would be the Molson Invitational at Valleyfield, Quebec in 1978 when Miss Canadiana and I came in 2nd

alongside the roostertail of Long Gone with Tom D'Eath, after swapping the lead 6 times in one heat!"

What was his favourite race site? Art's reply, "Everywhere I have been a winner!" Between the two boats that Art raced the most, the Miss Supertest II (the boat that made him

Canada's Fastest Man on Water) and the Miss Canadiana, which is his favourite to drive? He explains, "The Miss Canadiana would be my favourite. She's fast and tricky. The Miss Supertest II was the scariest! Just when you thought you had her under control - Whoops! - she'd just swap ends or hey, you'd no longer be on board! But in the world record run, I finally tamed her."

You can see Art's boat, the Miss Canadiana, at the Canadian Hall of Fame at the Exhibitions Grounds in Toronto. But don't try to find her with the other boats! Because she

has a car engine, she's classified as a motor sport, so you'll find her along side the racing cars such as ones driven by Greg Moore and Gilles and Jaques Villeneuve (Art is distantly related to the Villeneuve's). Art adds, "The Miss Canadiana is still running with fast company!"

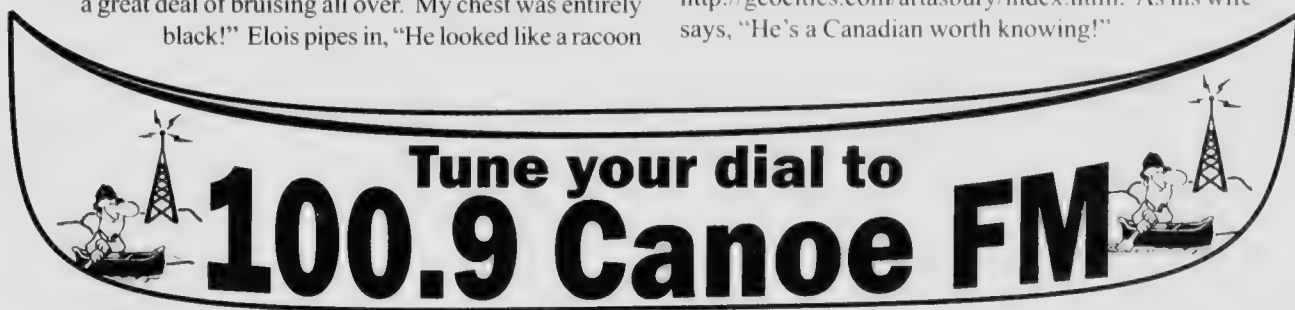

If you're interested in knowing a little more about Canada's Fastest Man on Water, be sure to check out his web site at <http://geocities.com/artasbury/index.html>. As his wife says, "He's a Canadian worth knowing!"

The Famous Miss Canadiana

What To Do In Case Of A Heart Attack

What do you do in the case of a heart attack – either you having one or someone around you having one? Do you know the signs of a heart attack?

The following is an informative piece on the signs and what to do in the case of a heart attack. These are the proper steps that you should take when this is occurring. It may even be a good idea to keep this page close by in a handy location because you never know when you might need it.

Early intervention in the case of a cardiac emergency can mean the difference between life and death. The flow of oxygen to the brain can be sustained and the amount of permanent damage can be reduced. A survival rate as high as 90% has been reported when defibrillation is achieved within the first minute of collapse. Every minute that passes reduces the chances of survival by 7- 10%. Be part of the chain of survival – learn how to react!

Heart Attack Warning Signs

Pain

Sudden discomfort or pain that does not go away with rest

Pain that may be in the chest, neck, jaw, shoulder, arms or back

Pain that may feel like burning, squeezing, heaviness, tightness or pressure

In women, pain may be more vague

Shortness of breath

Difficulty breathing

Nausea

Indigestion

Vomiting

Sweating

Cool, clammy skin

Fear

Anxiety

Denial

Signs may be mild or severe. If you or someone you know is having any of these signs, call 911 or your local emergency number immediately.

What to do if you are experiencing these warning signs?

If you are experiencing the warning signals of a heart attack you should immediately:

- * Call 911 or your local emergency number for help, or have someone call for you (it's a good idea to keep a list of emergency numbers near the phone at all times).
- * Stop all activity and sit or lie down, in whatever position is most comfortable.
- * If you take nitroglycerin, take your normal dosage.
- * If you are experiencing chest pain, chew and swallow one (1) adult 325 mg asa tablet (e.g., aspirin[®]) or two (2) 80 mg tablets. Do not use pain medicines like acetaminophen (e.g. Tylenol[®]) or ibuprofen (e.g. Advil[®]).
- * Rest comfortably and wait for emergency medical services (ems) (e.g., ambulance) to arrive.

**These tips
could save
your's or a
friend's life**

HEALTH

Beauty
Wellness
Fitness

If you are with someone who is experiencing the warning signals of a heart attack:

- * Help the person with all the activities listed above.
- * Expect denial. You must take charge and call 911 or your local emergency number.
- * If the person becomes unresponsive (no normal breathing, coughing, or movement), start cpr.
- * In the event of cardiopulmonary arrest (no normal breathing, coughing or movement), call 911 or your local emergency number, attach an automatic external defibrillator (aed) or begin cardiopulmonary resuscitation (cpr) immediately and continue until emergency help has arrived.
- * Check the scene for safety.
- * Determine unresponsiveness (no normal breathing, coughing or movement).
- * Call 911 or your local emergency number.
- * Get the aed or ask someone to get an aed if there is one close by, and attach it to the person immediately

In a previous edition of The Communicator we printed an article submitted to us with tips on how to prevent a heart attack if you are alone. It was brought to our attention that these tips are not "proven" to help and that in fact these steps are best used when experiencing a heart attack or while someone you are with is experiencing a heart attack.

STRESS BUSTERS

Quick Tips To Lower That Stress Level

Give Up The Lone Ranger Routine

Studies have shown social isolation to be as hazardous to your health as high cholesterol, high blood pressure, obesity, smoking, and lack of physical exercise. In fact, people without caring, nurturing relationships tend to die prematurely at a rate twice as high as those with regular supportive contact with others. If you're ready and willing to give up your loner lifestyle, consider the following ways to meet people and make friends:

Take a class, join an organization, volunteer with a group in your community, attend a place of worship regularly, play a team sport, develop relationships at work...

**I plan on living forever...
so far so good!!!**

SERENITY

Vision of Hope

Although Serenity is in its infancy stage, the vision was conceived twenty-five years ago, long before Retreats were fashionable or chic. Serenity is truly a gift of the soul and for the soul. The spirit of Serenity is to provide a safe, tranquil, harmonious environment permeating Unselfish Love, Inner Peace, Self Empowerment and Illuminate Hope for all who frequent her space.

Whatever you are seeking, a few hours of solitude, a safe place to breathe and relax, or a centre to spread your wings and evolve spiritually from the heart, Serenity's doors are open to you. We also offer an array of classes and events covering a multitude of subjects.

Keep in touch... To be informed of up-coming workshops and events join our newsletter, it's FREE!

Buy an adorable teddy bear and help raise funds for The Hospital for Sick Children!

The Wear Your Bear merchandise program is a combined effort of The Women's Auxiliary and The Hospital for Sick Children Foundation. All proceeds from merchandise sales are directed to research and highest-priority needs at The Hospital for Sick Children. Last year, funded research contributed to breakthroughs in bone cancer treatment, neurological disorders, paediatric malignant brain tumours and pain control. Since 1989, the Wear Your Bear program has raised over \$4 million.

The merchandise in the Wear Your Bear line is fun, fashionable and of high quality. Included in a typical year's lineup are: t-shirts; sweatshirts; golf shirts; polar fleece items; baseball caps; and of course a bear.

This year, you can help support Sick Kids by purchasing our 2003 signature teddy bear at Teddy Time. And, if you are interested in purchasing more items for the Wear Your Bear line, call Josie Catalano at 416-813-7324.

Out of the Blue Day Spa: Annie's Vision Comes True

By Shirley Lucas

Are you feeling run down, over worked, stressed out and the person looking back at you in the mirror in the morning only looks vaguely familiar? (Sounds like I'm writing my bio!) TIME OUT! You need to take a break and allow yourself to be pampered by the friendly, professional team at Out of the Blue Day Spa.

Brenda Coty and Michelle Miniakoff have had many years of experience in health and relaxation therapy and are very excited about having the opportunity to offer their combined know how to their clients at the spa.

The spa, which is located in Danielle's Total Look Hair Salon in Haliburton was originally the idea of owner Annie Cochrane. Annie was always looking for ways to meet the needs of her customers and had spoken to Michelle last fall about the possibility of opening a spa in the salon. Unfortunately, Annie passed away this year but her vision was kept alive by the perseverance of her husband Rusty, her children, Nick and Ashley along with Sue Roberts, who had been doing her apprenticeship with Annie.

Brenda and Michelle decided to approach Rusty about carrying on with the idea for the spa and as Michelle says, "Rusty has been great and is really on board with everything we're doing, keeping in mind what Annie's dreams for the business were."

Out of the Blue Day Spa is now a reality and offers a wide range of esthetic services such as manicures, pedicures, waxing, body treatments, reflexology and the addition of Judi Thomas, a registered massage therapist, has been a welcome asset to the spa and their customers. Brenda explains, "There is a lot more to esthetics than there used to be. It's now more about the whole issue of health, relaxation and over all well being."

Michelle became interested in her line of work through experiencing the benefits of it herself. After developing neck problems, she went to Sylvia Holland for acupuncture and her

interest was peaked from there. She began taking courses in esthetics as well as other areas of the field such as reflexology, heated stone massage and Reiki. One of her goals for Out of the Blue is to eventually offer more alternative therapies and acupuncture.

Brenda's experience in the art of esthetics include many years of doing reflexology at the Up Town Spa in Toronto as well as at the spa's in the Wigamog Inn and the Pinestone Resort. According to Brenda, "After practicing reflexology for years, I decided to go into esthetics too as I believe esthetics and reflexology compliment each other."

Michelle started working with Brenda while she was at the Wigamog and they found that they worked very well together. Now, as partners in Out of the Blue Day Spa, they can offer you their combined expertise and talent in creating a relaxing day at the spa regime just for you!

Sounds good to me! To make an appointment at the spa, call 457-9029 and get ready to be pampered!

South Algonquin Cookhouse

South Algonquin Cookhouse Features Great Food in Gorgeous Surroundings

By Brett Irvine

For a casual, country dining experience and a meal you'll be sure to enjoy, be sure to visit the South Algonquin Cookhouse and Store in the village of Harcourt.

Whether you're there for a hearty breakfast, afternoon lunch, or a relaxed, romantic dinner, the staff at the Cookhouse aim to make your visit an enjoyable one.

If you haven't been to the Cookhouse before, once you enter the doors, the first thing you'll notice is the beautiful stone fireplace, open rotisserie and a feeling of being inside a big log cabin. Be sure to check out the nostalgic photos of Harcourt which was known as Mumford Station over 100 years ago.

The South Algonquin Cookhouse is open 7 days a week from 9:00 am till closing. The

Cookhouse has a full breakfast menu and yes, they do have an all day breakfast including the popular Lumber Jacks Feed and the Alberta 'AAA' Sirloin Steak and eggs.

At 11:30 am the lunch menu starts up with favourites like the South Algonquin Club Sandwich, Cookhouse Classic Burger, Reubens, hot sandwiches, nacho platters and their #1 seller – the 2 piece fish and chips (hand battered haddock).

Personally, the wings are our favourite. Big, juicy and served whichever way you like them. Whether it's honey garlic, mild or suicide, they'll be great! (Please, don't ever change the wings!)

If you enjoy seafood chowder, you must absolutely order the Cookhouse's famous seafood chowder soup. I love it, I love it, I love it!!

Moving on to the dinner hour, check out the mouth-watering roast beef dinner – you can cut it with a fork. There's pasta, steak, ham, and lots more.

The Cookhouse specialty is chicken and ribs. Check out the rotisserie chicken and rib plates from 1/4 to half chickens with

...from pg. 26

Geared For The "Mature" Crowd

pork side ribs that are falling off the bone as well as the secret Cookhouse BBQ sauce. The Surf'N Turf, the 8 ounce New York with breaded shrimp, should satisfy your cravings. For all you seafood lovers, go all the way with the Alaskan King Crab. I personally will return for the liver and onion choice for the third time in a row. Some of the regular patrons at the Cookhouse used to beg to have it on the menu because no one else at home liked it and it is the only way they got to eat it - the same goes for me!!

Most of the entrees include fresh bread, soup or salad, your choice of potato and veggies or baked beans.

New to the South Algonquin Cookhouse is the introduction of the Priority Club. It's free to sign up and you're entered to win a \$50.00 certificate for food each month. You'll also be informed of special event nights and as well as other offers at the Cookhouse.

"We have over 650 families as members now," says owner John Bower.

Also new to the Cookhouse is the fact that they will be staying open late every Friday and Saturday nights for an after dinner dance club so all you baby boomers that would like to enjoy an evening of good music and dance, in a smoke free environment, can come on out and have some fun. There will be live acts as well as music provided by a DJ. Couples and singles are welcome and the kitchen will remain open till 11:00 pm, serving finger foods.

"We've reduced the seating in the restaurant from over 100 to 75 seats now because we want people to have less of a waiting time to eat. It's a good number for us to handle here," says John.

John also says the restaurant is planning to bring back the Sunday Buffet and the popular Prime Rib Saturday nights in the near future. For now, Monday's are Roast Beef nights,

Tuesday's - Pasta night, Wednesday - Steak night, Thursday's - Chicken, Friday the special is Fish and Chips, Saturday's are Ribs night and Sunday is the Seafood Platter.

The South Algonquin Cookhouse is now totally non-smoking. The hours of operation are Sunday to Wednesday from 9:00 am to 8:00 pm and Thursday through Saturday from 9:00 am to 9:00 pm.

Reservations can be made for any number of people and are recommended.

Be sure to check out the South Algonquin Cookhouse in Harcourt next time you decide to get out for a nice meal. You'll love the atmosphere, food and service at only a ½ hour drive from Haliburton village. For more information or to book your reservation, please call 448-2322.

Music By the Gull - August Line-up

Be sure to keep your Friday evenings open during the month of August as Music by the Gull has some very talented musical artists lined up for you to tap your feet to throughout the month.

Music by the Gull will be taking a break on the Friday of the August long weekend as the Heineken Yard will be taking place that evening but will begin again on August 8th.

On August 15th, Strings Attached (or the Hadley Family as they are better known as around here) will be here to entertain you followed by the Highlands Wind Symphony on August 22nd.

The entertainment planned for the evenings of Aug. 8th and Aug. 29th has of yet not been confirmed but Music by the Gull is hoping to be able to bring you the ever popular, Kidd Country as well as the great sounds of CIN, a gifted local jazz ensemble. You can be sure that one way or another, there will be some great music happening for your entertainment.

For an update on what Music by the Gull has in store, you can contact Glen Carter at 457-2862.

For those of you that aren't acquainted with what Music by the Gull is all about, here's a little information on it. Sponsored by the Minden Lions Club, Music by the Gull takes place in front of the Post Office on South Water St. in Minden, on Friday evenings from 7:00 pm to 9:00 pm throughout the summer and is now in its 9th year. (And it's free!)

So now that you know, grab a lawn chair, round up the family and come out to hear some of the great sounds the Highlands have to offer!

Dance To The Music Of A Fabulous Era... "Big Band - Swing"

If you love the sounds of swing then you won't want to miss this year's Haliburton and District Lions Club Big Band Dance taking place August 16th at the Haliburton Legion.

The dance features live entertainment by "The Greater Toronto Area Swing Band".

The evening gets underway at 8 p.m. - 11:30 p.m. Tickets

are a bargain at \$15. Come listen and dance to the music of a fabulous era. Casual, comfortable dress is encouraged.

Tickets are available at Henwood's Variety in Haliburton or through any Lion's Club member. Proceeds go to the Health Services Foundation.

The Dog House Under New Management - Now Called J.J's **Chip Wagon Expands Take-out Menu**

Fresh cut fries, homemade hamburgers made the old fashioned way, chicken or sausage (done to perfection) on a bun and hot dogs are just a few of the tantalizing items you'll find on the menu at JJ's Chip Truck.

Formerly known as Dave's Dog House, the chip truck located right beside Highlands East Storage on Hwy. 648 in Wilberforce is under new management. Jan and John Sorensen of Wilberforce have taken over this season and have already added a few more entrees to the list for their hungry customers. Delicious beef on a bun, chicken fingers and pogos are now available as well as the friendly smile and quick service you can expect to find at JJ's.

Jan has had alot of experience in the hospitality industry. She worked for 7 years as a cook and server at the Ridgeview Restaurant in Harcourt as well as 2 years at the South Algonquin Cookhouse so she knows her way around a kitchen and enjoys having the pleasure of pleasing her customers.

Jan and John came to Wilberforce 15 years ago from Brampton because they really wanted to get out of the city. John loves the outdoors including the hunting and fishing expeditions he goes on every chance he can get. Jan's still waiting for a mall to open. As Jan's daughter, Bobby Jo says, "When Mom shows up for a visit, I know that if she has on her heels, (city shoes!) it's time for some serious shopping!"

Jan is basically the only one working in the chip truck for now as the couple get started in their new venture. John is around to help out when needed by manning the deep fryer and handling the potato peeler. Jan explains, "It's a pretty tight squeeze inside the truck for two people to maneuver in so I try to keep John down at the far end," she chuckles and adds, "So far this year, things have been fairly steady. The local people have been very supportive of us and alot of the work guys come in regularly to grab a quick bite to eat on their lunches or breaks."

Be sure to stop by JJ's for a quick bite to eat while you relax at one of the picnic tables (with umbrella's) and watch the comings and goings in downtown Wilberforce. Don't worry if Jan happens to be reading a book when you get there. (She's well known for being an avid reader!) She'll gladly put it down to cook up a great meal for you.

JJ's Chip Truck is open 7 days a week, Saturday - Thursday from 11 - 7 and Friday's from 11 a.m. to 8 p.m.

Jan is pictured preparing up some delicious food at J.J.'s (pictured below)

For Your Listening Pleasure...

If you turn your radio dials to 100.9 FM you will be listening to the new sounds of our very own community radio station, The Canoe FM, based out of Haliburton.

Now up and running, the Canoe is in its testing stage – which means they are on air, but not officially. This gives them the chance to work out any bugs – play with the system – and let people become acquainted with the operation of the station. This whole time you can tune in and listen to the developing stages of this new station.

A Mid-Summer Night ...

Even though they are on the air, the non-profit station is still fund raising. The most recent event occurs on August 9 as the Canoe FM 100.9 presents "A Mid-Summer Night" featuring the live performance of local favourites, "Ya Babys".

The evening of fun begins at 8:30 p.m. at the Haliburton Legion. Tickets are \$20 per person and you may purchase them in Haliburton at the Canoe FM station – located across from the arena, Henwood's Variety or Video City; in Minden at Whispers North Gallery or Ridgewood Ford; and in Carnarvon at The Hair Lounge. Don't miss out on a great evening of spectacular entertainment and a whole bunch of fun!!

**Fundraiser
for Canoe
FM features
"Ya Babys"**

Campfire Nights Feature Live Entertainment

For an enjoyable evening around the campfire, complete with live entertainment, all you need to do is head to the Elvin Johnson Park at Halls Lake on August 13 and you can join the fun at this year's Campfire Nights.

Joanne Howard will be the featured entertainer at this event. She will be playing a lot of camp fireside song favourites that will delight kids of all ages.

There will also be games, sparklers and toasted marshmallows awaiting all who attend.

The event is free, but donation boxes are on site for anyone wishing to contribute. It all gets underway at 7 p.m. and goes to roughly 9 p.m.

To get to Elvin Johnson Park you take Hwy 35 north of Carnarvon to Hawk Lake Rd. Then turn right and go to Old Mill Rd. Turn right again. The Elvin Johnson Park is on the left hand side – watch for signs.

For more information you can contact the Stanhope Recreation Coordinator, Alisha Stevens at 766-9968.

Hold Your Own "movienite" With Help From Merv

Looking for a way to entertain all ages at your clubhouse, campground, or community event? Then 'movienite', a new (rental) program available from UVS Multimedia Services, may be just what you need.

Like home theatre, 'movienite' systems consist of a movie player, large projection screen and surround-sound speakers, enlarged to suit crowds from 50 to 500 persons or more. For banquet halls and similar sized rooms, a 14-foot screen is featured. A 20 foot screen is available for gymnasiums or outdoor applications.

The systems are ideal for captive audiences at camps, retirement facilities and schools. They are also suitable for fairs and other community events. Special interest groups like "extreme sports" fans and vintage film buffs can host their own private film festivals. And at weddings, reunions or company dances, children can be kept occupied while the adults dance and socialize. Besides movies, the systems are great for showing hockey playoffs, auto races and other major events.

'Movienite' was developed by Merv Buchanan, creator of the hugely popular "Much Video Dance" program.

Prices for the 'movienite' system start at \$299, plus travel (gas only – no cost for actual mileage), including set up and removal.

For more information, or to book for your "movienite" you can contact Merv at 1-888-782-5507. UVS is currently located in Peterborough, but they do service the Haliburton Highlands. Their direct line is (705) 741-0577.

What a great idea for something a little different Why not host your very own "movienite"?

Merv Buchanan, creator of "Much Video Dance"

program is pictured with one of his 'movienite' system that is available to rent for your function.

If You Like Pickerel.. Don't Miss This Event

If you like the taste of Pickerel then you must attend the 4th Annual Fish Fry, August 10, at the Fish Hatchery located on County Rd. 1 just 3 km from Haliburton.

This popular event features tasty Pickerel cooked in a batter and served with salads & fries.

There will also be a live band to entertain you while you enjoy your fish dish. There is also a kid's meal consisting of hot dogs & fries for the youngsters who don't like fish yet.

The cost is \$15 per adult and \$10 for those 16 and under (eating fish). The kid's menu for those not eating fish is \$5.

This is a fundraiser for conservations project by the Outdoor Association. While visiting and enjoying your meal, those who attend can tour the hatchery.

The event starts at 4 p.m. and goes to 7 p.m. It is recommended that you attend early if you want some Pickerel – before it's all gone.

If you require more information, call the Hatchery at 457-9664.

Terrific Teens

A look at our youth in the area and what they are accomplishing!

is incomparable when you're in the mood for some down home fun and toe tapping

It was while attending a violin competition with his family and hearing this catchy sound, 4 year old, William Fink was hooked. Now at 16 William, the son of Brian and Sophia Fink of Carnarvon, looks back at what became a passion for him, "I remember bugging my Dad about getting me a violin till he finally gave in and bought me one. Of course, because I got one, my brother Brian, (one year older than William) had to have one too. We've been playing together ever since."

The boys began playing as a duo and entered competitions all over Ontario and Quebec on the fiddle contest circuit when William was 7 up until he was 13

According to William, "We did pretty well. I couldn't even guess how many times we won or placed. It was fun for awhile but it just got a little more competitive than we wanted. My favourite thing about the competitions was the traveling we got to do as a family, camping out in our pop up trailer and all the people I got to meet. We would rather play for the fun of it now and because we just enjoy it Personally, I prefer to play fiddle music because of it's lively, barn dance style or east coast Celtic, but I can play just about anything that I have the sheet music to. There's not a lot of music that I dislike. My tastes are pretty well rounded."

William had many teachers over the years. Right now he's studying

William Not Only Plays Violin, He Teaches Too!!

William enjoyed violin at age 4

When was the last time you took in a good old-fashioned step and fiddle competition! (If you never have, you should!)

The lively music that comes from a fiddle or violin

about twice a month under Michelle Charlton of Pickering who is as he says, "An incredible teacher!" William has just recently become a teacher himself, offering to give lessons at his home for \$15 for half an hour and \$25 for an hour per session. So far, he has two studying with

him. William explains, "I just want to continue playing violin. I know I'll always be playing in one aspect or another and I really enjoy teaching."

As a student at HISS, going into Grade 12 this year, William is looking forward to going off to College (he's hoping to get into Seneca or Sheridan) next year where he'll be taking courses in computer animation. His goal is to oneday work in the film industry or to

design computer games

Last summer, William and Brian had the opportunity to play the background music for the Highlands Summer Festival's production 'Colours of the Storm'. "That was the first time I've ever been involved in a production. It was a lot of work and practice but really worth it," says William. This year, William will be playing without his brother as Brian is off to the University of Ontario, the new campus in Oshawa, where he'll be taking an honors degree in biology

William is hoping to take on more students so if there's anyone out there with dreams of one day becoming a famous virtuoso, you can reach him at 489-2573

Get On The Water & Ride The Banana Boat Or Jet Skis

By Shirley Lucas

If you're into a bit of excitement this summer and sun tanning at the beach just isn't cutting it anymore, I know just the place you can go to live things up a little for you and your friends... Haliburton Water Sports they have some new & exciting things awaiting you

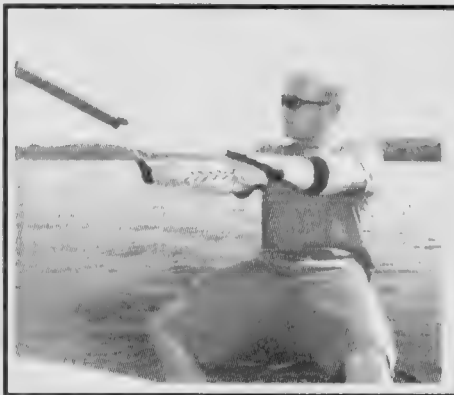

Have you ever been on a banana boat? Well, I'll give you a tip. Hang on! (I'm speaking from experience!)

Haliburton Water Sports has always been a cool place to go for some fun on beautiful Lake Kashagawigamog, but the addition this year of the banana boat and two (really fast!) sea-doo's for hire has added to the enjoyment.

The banana boat looks just like its name implies. Like a banana! Comfortably seating four adults, this water toy is a bit similar to straddling a bucking bronco as you zig-zag across the waves behind the company wave boat. Truly an experience worth checking out!

Whether you're playing on one of the brand new sea-doo's, yelling at your friends for tipping over the banana boat or taking one of the wakeboard, waterski or barefoot professional sessions that Haliburton Water Sports has to offer, it's sure to be a good time. Owner Jim Murray of Haliburton, has tried to cover all angles of water sports to make your summer fun, safe and exciting in the Highlands.

Two of the excellent instructors at Haliburton Water Sports are Aaron Murray and Graham Budd who have both had many years of experience on the water and have worked with clients of all ages and experience levels to help them achieve whatever

goals they've set in wakeboarding, waterskiing or barefoot skiing.

The company also offers half day week long camps, group or private sessions starting at 30 minutes, half or full day bookings for families or corporate clients as well as half hour and full hour private or group sessions.

Haliburton Water Sports is located at the north end of Lake Kashagawigamog, close to Haliburton. For further information, you can contact them at 457-1223. Don't miss out on a chance to ride the banana boat!

There's lots of fun awaiting you at

Haliburton WaterSports... including wakeboarding (upper), Banana Boat Rides (middle) and Jet Skiing (bottom)

CULTURED STONE

THE WELCOME WAGON

This column is dedicated to introducing new owners of existing businesses in our area.

New Owners For Sears In Haliburton

Pictured right is (left to right), Angela & Martin Russell (new owners), with Margaret Leonituk (customer service rep, and Gordon Grant (Sears Rep)

The Sears Appliance and Catalogue Store in Haliburton, has re-opened under new ownership and has some new and exciting changes happening.

The business was recently purchased by Martin and Angela Russell of Lake St. Peter. The couple had just sold their Freshmart business in Whitney, on July 2nd and took over the Sears Store on July 3rd.

The Russell family actually has some experience with the Sears Catalogue sales since their Freshmart location in Whitney was actually the Catalogue outlet.

"Our Sears representative just happened

to let us know that an opening was available for a store here in Haliburton, so we went through the interview process and got the location here. Haliburton is a beautiful community. The people are great. We also feel comfortable with the support and dependability of Sears. They provide quality products and services," says Martin.

The store has been expanded to include a wider range of products including stainless steel appliances, more electronics and the introduction of new products.

"Whatever people see in the cities, we can get it here for them also at the same price," says Martin. "We're really going to keep up with the market trends. We also try the products, so we are confident and believe in them," he adds.

The interior has been completely repainted and the TV's are hooked up with satellite so you can see the quality and soon you'll be able to visit the store and go on the internet Sears website, to shop for products.

Martin and Angela feel there are a lot of similarities in the Sears business that are much like their Freshmart store.

"People want good service and that's what we're going to give them. We will listen to our customers and improve on what we now have," says Angela.

Watch for Martin and Angela's daughter, April in the store too. She's the assistant manager. "At only 16 years old, she's one of Sears youngest managers. She knows Sears and loves working in the business," says Martin.

Be sure to stop in and meet Martin, Angela and April when in Haliburton. They are wide open to suggestions and your comments on the new store. Sears is open Monday through Saturday, from 9:00 am to 5:00 pm and can be reached at 457-1170.

THE DEAD SEA

The Dead Sea is the lowest body of water on the planet. It averages 1,000 feet deep. Nothing grows or lives in its salty water. Trying to swim in it, a person bobs like a cork. Trying to wade in it, a person could slip on the salty glaze that covers its shore. It is like nowhere else on earth.

The Dead Sea is actually not a sea, but a 50-mile long by 11-mile wide salt lake between Israel and Jordan. It is a dead end for the Jordan River. We call it a sea because it is salty like a sea or the ocean.

The Dead Sea is the lowest body of water on Earth, nearly one-quarter mile below sea level. Water from the Jordan River flows in, but because the Dead Sea is lower than the land around it, no water can drain out. The hot desert sun evaporates the water about as fast as it flows in from the river, leaving behind salt and other minerals from the Jordan. This makes the sea uninhabitable and much saltier than the oceans.

People can easily float on the surface of Dead Sea because it is about seven times saltier than the ocean. When they get out of the water, they have a salty crust left on their skin. Any fish carried in from the Jordan die instantly when they reach the Dead Sea.

Other salty lakes exist in dry areas around the world. The Caspian Sea is the world's largest lake. The Romans thought they had reached the ocean upon finding the Caspian because it was salty. Utah's Great Salt Lake and the Aral Sea in Asia are also salty lakes.

The Dead Sea is economically important as a source of potash, bromine, gypsum, salt and other chemical products. According to biblical history, the cities of Sodom and Gomorrah are believed to lie beneath the lake.

The Dead Sea is near the famous archeological sites of Masada and Qumran.

In 1947, while looking for a lost goat, young Bedouins found ancient scrolls in the caves of Qumran. Unknown to those young shepherds,

they had found the oldest known surviving manuscripts of the Hebrew Scriptures. One thousand years older than any other surviving Scripture manuscripts, the Qumran scrolls were a magnificent find.

The Healthiest

The Dead Sea in Israel. It has healing abilities for Psoriasis, Eczema, Arthritic, Rheumatic conditions and respiratory conditions such as Asthma. In the Dead Sea area various hot springs have been developed as Spa resorts for treatment.

Smearing mineral rich Dead Sea mud on the body, provides a healing process for the skin, and broadens the capillary veins. It is known that King Solomon, Queen Cleopatra and Herod the Great all visited the Dead Sea for these cures.

Dead Sea Travel takes group departures in April, May, 2003, September, October 2003 when the climate is at its most hospitable for your needs. Temperatures in the intervening months tend to be a little too

Because of the high salt content, floating is easy in the Dead Sea. Pictured at left is the salt build up.

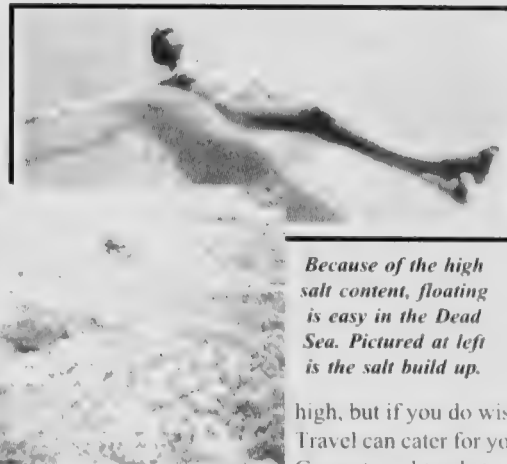

high, but if you do wish to travel in these times, Dead Sea Travel can cater for your individual needs.

Group travel tends to be very popular because you are with people who have similar needs, there is no feeling of being the 'odd one out'.

Because of the additional of 400 meters of atmosphere, ultraviolet radiation is sufficiently filtered out to prevent sunburn, so tanning in the Dead Sea area is less dangerous, although it is always advisable to use sunblock and adapt gradually.

The Dead Sea Today

Today, the Dead Sea is exploited by industry, such as the Dead Sea Works at Sodom, which extract potassium and some other chemicals for magnesium, bromide and iodide; there is a cosmetic products industry at Mitzpe Shalem. There are also many tourist sites and facilities, such as nature reserves, archeological sites, cure sites such as spas, hotels, guest houses and commercial beaches.

Urban Legends

One For The Contractors

Here's one for all the contractors out there. This "Urban Legend" has been told many times, and there has even been a song written about it. True or false – it's still amusing.

A bricklayer working on a three-story-tall chimney had set up a pulley system so that his helper could raise the bricks up to where he needed them. As he was working, his helper complained about how difficult it would be to get the last of the bricks up to the flat roof of the building. Just then another contractor had some material delivered and it was placed on the roof by a fork lift brought to unload it. The bricklayer asked if the driver would load the rest of the bricks up there as well and the driver agreed. The bricklayer realized that he would not need his helper any more and sent him home.

When the bricklayer completed the chimney he noticed that he had quite a few bricks left over and that the fork lift was no longer at the jobsite. Now he had to figure out how to get the leftover bricks back down by himself. If he dropped them, they would surely break. So he decided to use the pulley he had set up earlier to lower them down.

First he went down to the ground and raised a large metal bucket up to the roof level using the rope and pulley. Next, he tied the rope off onto a railing and climbed back up to the roof and loaded the bricks into the bucket. Then he went back down to the ground. He knew that the bricks would be heavy, so he wrapped the rope around his hand a couple of times and then untied the end of the rope with his other hand. Well, the bricks were heavier than he imagined and with physics being as it is, he was immediately launched upwards at a high rate of speed.

As he was racing up towards the roof he encountered the bucket full of bricks coming down at an equally fast rate. He collided with the bucket and broke his nose and his shoulder. The bucket passed him by as he sped upwards. He reached the pulley just before the bucket hit the ground and broke a few of his fingers as they were pulled into the pulley. When the bucket hit the ground, its bottom fell out and all of the bricks spilled onto the ground. Now the fun reversed. As the now light bucket sped upwards, the mason took a shot to the groin when one of his legs slipped into the empty bucket.

He then tilted enough to fall out of the bucket and continued with his gravity experiment. Eventually he landed on top of the pile of bricks and broke both feet. He collapsed in pain there on the bricks, but was glad to be alive. He let go off the rope and cried out for help.

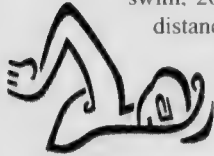

It was then that the bucket hit him in the head and fractured his skull.

It's Stanhope Triathlon Time!!

If you are the athletic type then you must try out the annual Stanhope Triathlon taking place this year on August 16. It's a sporty event that is geared to family participation.

The event, now in its 7th year, takes place at the Stanhope Community Centre and offers three different events for various levels and ages.

The sprint triathlon begins at 8:30 a.m. and consists of a 750 m swim, 20 km bike ride and 5 km run. This is half the distance of the Olympic triathlon, but one you can do if you put your mind and body to it.

The "get your feet wet" competition that begins at 10:30 a.m. is for people who want to try their first triathlon, but is recommended for people 12 years of age and older. It consists of a 375 m swim, a 10 km bike ride and a 2.5 km run.

There is also a kid-sized triathlon that begins at 11:30 a.m. This consists of a 100 m swim, 3 km bike ride and 1 km run. This is great for the younger ones or for the very young at heart. This race guarantees a prize for all participants 14 years of age and under as well as a T-shirt.

Prizes and shirts are awarded in the previous two categories as well for top male and top female in each of the Sprint and Get your feet wet races in the following age categories: 50 and over; 40 - 49, 30 - 39, 20 - 29 and 16 - 19. Each top boy and girl in each age under 16 will be recognized in each race. All participants receive a T-Shirt.

Registration deadline is Saturday, August 9 by 4:00 p.m. If you want to receive a T-Shirt. If you register the day of the race you will not receive a shirt. The registration fee is \$25 if you register ahead of time, or if you register the day of the event the fee is \$30.

Registration forms are available in Carnarvon at the Stanhope Township Office, in West Guilford at the Shopping Centre, in Haliburton at Glen Sharpley Sports and in Minden at the Ontario Tourism Office and at Jadek Sports.

If you can't participate, organizers are always looking for volunteers to help with this popular event. Volunteers are needed for water stations, as timers and as route directors. For more information on the event, or to volunteer you can call Lois Foster at 454-8682, or Carrie Martin at (905) 569-2119 or (705) 489-4297.

Net proceeds from the races go towards Stanhope charities.

Harcourt History Book A Must Have... Get Yours Soon

For an interesting look at some of Harcourt's fascinating beginnings and past, you will want to get yourself a copy of "Harcourt's Sons & Daughters", a keepsake created by Valerie Smith in commemoration of Harcourt's 100th Birthday.

This treasure for anyone who lives or has lived in Harcourt & area is available for \$10 and it's a well-spent \$10. Within its cover are pages upon pages of historical data from Harcourt's beginnings & early settlers to more recent. It has sections that highlight the various families that have lived and many who still live in this quaint town – such as the Coghlanes, the Bamfords, the Dahlkes, the Outrams, the Smiths, the Martins & Martin Lumber, the Donaldsons, the Scotts, the Stoughtons, the Mumfords, the PACEYS, the Townsends, the Schwandts, the Gerows, & even the Irvines (Brett – the Communicator Publisher grew up in Harcourt & Wilberforce).

There is interesting school history, info on the businesses of Harcourt & area, a great story on the old I.B. & O. Railway, and so much more.

The 200 page book is all hand typed on 8 1/2 x 11 sheets of paper, all spiral bound for easy reading. The project began in January for Valerie after Sonny Pacey recommended she do a history on the area. It was to be a "booklet" laughs Valerie, but the small booklet grew as she

researched more and more.

"I spent a lot of time in Minden doing land title searches. It kind of started from there," says Valerie. She then began personal visits meeting and talking with residents of Harcourt many long-term with many stories to tell of the area.

"I enjoyed myself so much going out and talking to people," exclaimed Valerie. "I loved going out and listening to people & their stories why they did things – why they choose to come here. It was fascinating." She adds, "I have so much more respect for this area after hearing the history. What people went through to make this area what it is."

Valerie really must be commended for her efforts towards this project. What started out as creating a small keepsake for the 100th Birthday, ended up being a book that is being enjoyed by all who are managing to get their hands on a copy. "It's really rewarding to see so many people enjoying it," says Valerie.

She not only took on this project, but she was very instrumental in organizing a lot of

the other wonderful displays and events that took place at Harcourt's 100th celebrations – and dealing with life itself outside the book and event – once wonders how Valerie found the time to produce the book.

Lucky for all who have one she did. And it appears the book is growing. "A lot has come up since," explains Valerie. "A lot of people are adding to it. I really didn't get a chance to see everyone, and there are some pieces missing. Putting all the info together was really like putting a jigsaw puzzle together."

Lets not forget deadlines. Valerie wanted the project done in time for the celebrations and sure enough, the Tuesday before the weekend event, her and Donna Burrows were still busy at the keyboards typing pages upon pages.

In the end they headed to the city to have 40,000 photocopies done that's 200 typed pages (both sides) photocopied 200 times to produce 200 books. The photocopy place was shocked to say the least and told the gals that they could manage 20,000 or 100 booklets, but that they would have to do the rest. Thanks to a group of young volunteers who had the task of hand collating, the remaining 100 were put together in time for the 100th Anniversary.

There are still copies remaining, although they are going fast. Valerie says she would be interested in completing the task – filling in new information and expanding the history. "I had to stop at some point, but there is more and more coming in every day," she says.

Valerie adds, "It's nice to see so many people interested in the history. A lot of young people are doing research on their families now a day. History is important to this generation – it's becoming popular again and that's good."

If you would like a copy of 'Harcourt's Sons & Daughters' you might find one at Schwandt's Tim-br Mart in Harcourt (although they are leaving the stands quickly), or you can contact Valerie at 448-3640. She would also love to hear more history about the area and she is also hoping to start collecting old photos to go with some of the stories.

Proceeds from the book go towards the Harcourt Community Centre.

Plan To Attend Irondale's Festival of Iron

It's new! It's exciting! It's Irondale's 1st Festival of Iron! Starting at 10:00 am and ending at 4:00 pm on Saturday, August 16th at the Irondale Baseball Diamond, you'll have the chance to watch the blacksmith demonstrations that will be taking place throughout the day as well as catch up little bit on the history of Irondale.

Wagon and pony rides, face painting, children's games such as mini bowling, mini golf and a variety of throw games, a bake sale and barbecue are just a few of the things you can expect to see at this great event! Identification Kits for children will also be available for your convenience.

Be sure to come out with the family for this fun filled day! All proceeds from the Festival of Iron will be going to Irondale's Community Centre Fund, a worthy cause that has been going very well.

For more information, you can give Sabine a call at 447-2313.

Hazardous Waste Day For Highlands East Township

If you have been saving up any household hazardous waste awaiting a free disposal day at the dump, well that day is coming August 16.

Anytime between 10 a.m. - 2 p.m. you can bring your household hazardous waste to the dump located on Hwy 121 between Wilberforce and Tory Hill and dispose of it legally, environmentally and FREE.

These are the items you may bring that normally are not allowed in the dump for environmental reasons. This day is set aside for disposal as a truck carries it all away from the area to a proper disposal site.

The Hazardous Household items are that can be brought are as follows:

KITCHEN: abrasive powders, ammonia based cleaners, chlorine bleach, disinfectants, drain decloggers, floor and furniture polish, oven cleaners, metal cleaners / polish, window and glass cleaners; **WORKSHOP:** glues and cements, paint, paint stripper, rust remover, thinners and turpentine, wood preservatives, stains and finishes; **GARAGE / SHED:** fuel (eg. Kerosene), brake fluid, car wax, pesticides, propane tanks, pool chemicals, vermin poison; **GENERAL:** batteries, lighter fluid, mothballs, medicine, bleach and stain remover.

You may contact the environmental department at 339-2442 should you have any questions regarding the above information.

You must present you landfill card to the attendant upon arrival.

Check Out These & Other Exhibitors On Tour...

... from pg. 39

been playing in the mud for 35 years. Functional and decorative pottery with whimsical finishes is what you'll find here.

Location C – *The Gooderham Community Centre – from 503 turn on Co. Rd. 507, over the bridge, turn left.*

Gooderham Crafters - This group creates a variety of decorative and functional items for your home including knitting, crocheting, faux stained glass and woodworking.

Orvus Smith - Orvus creates functional and decorative pine furniture for your home. Many of their pieces can be found at Crafter's Warehouse in Haliburton.

Andy Hillo - Andy has created the unique place name signs you will see along your route. Large or small, Andy can create a one-of-a-kind sign for your home or business.

Jutta Dombrosky - Jutta creates one-of-a-kind machine embroidered denim wearables, accessories and quilts. She also embroiders seats & T's.

Trudy Gruber - Trudy offers hand-painted denim shirts, short sets and T-shirts, as well as kitchen towels and other accessories.

Location D – *Bear Lake Artisans – Bear Lake Rd. off Co. Rd. 503 – travel approx 6 km to the Coles residence #29. Travel another 1 km to the Bear Lake Park for a picnic lunch!*

Alanna Coles - Alanna produces unique ceramics with texture, clay lifting and carving techniques including vases, sun/moon plaques and votive candle holders. Signature piece – ceramic chess set.

Christine Wooder - Christine is a new artist on the Haliburton scene. Her watercolours portray a nature theme and come in a variety of sizes.

Marilyn Wooder - Marilyn uses fabric to create unusual items such as sachets, scarves, wreaths and more.

Location E – *Song of the Woods Studio – Located on Bryan's Rd. W. between Gooderham and Tory Hill.*

Song of the Woods Studio - Robin Simpson creates Native Ceremonial Art: drums shakers, sacred pipes, etc., as well as accessories, collectibles and deer/moosehide purses.

Location F – *Fabric Art studio – Hwy 118 (formerly 121) from Tory Hill, past the Essonville Line and look on left for Studio Sign*

Fabric Art by Evelyn - Ev Saxby has been a fabric artist for many years and has taught many courses on this subject. She uses only top quality materials in her creations such as jackets, vests, quilts, wall hangings, home décor and dolls.

M.J. (Mary Jo) Calfas – Guest Artists - M.J. has been creating Stained Glass art for 4 years. Many of her creations are original.

Location G – *Agricultural Fair*

Wilberforce Agricultural Fair present the 20th annual fair – Good wholesome fun for the whole family. Why not take time out of the tour to check out this wonderful event that is taking place the same weekend – and is also located along the tour route.

Location H – *Dreamweaver – ½ mile N. of Wilberforce off Co. Rd. 648* - Unique handcrafted gifts of woodenware, children's clothing, smocking, ceramics & more.

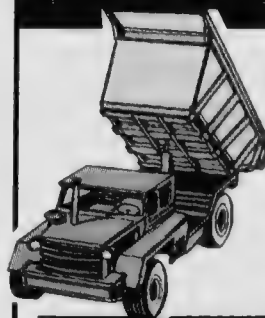

Location I – *E & J Porcelain Dolls – Just north of Wilberforce on Co. Rd. 648.* features porcelain and ceramics. In addition to Eva's prize winning porcelain dolls, you will find ceramic creations too numerous to mention. They also do doll repair, firing, custom ceramics and sell paint and supplies

Location J – *Joyce's Baskets – Turn left 2.8 km N. of Wilberforce on Co. Rd. 648* Joyce has been creating her unique baskets since 1995. Let her create your basket for bridal showers, weddings, Christmas, baby showers and gifts for all occasions. Her work is on display and for sale at the Wilberforce, Minden and Haliburton IGA's.

Location K – *Claire Loft – Located at C & E Antiques in Harcourt.* Claire Loft - a very experienced artist who started by taking art courses in Timmins as a young girl and finished with a B.A. at Windsor University. She taught art at the Windsor Scottish Society and at the Harcourt Community Centre. Her work includes: watercolour depicting flowers, landscapes of the area and historical paintings of Algonquin Park. Portraits of her work has shown in many juried shows including the Visitors' Centre in Algonquin Park. Claire is also the Haliburton representative for the Eastern Ontario Art Association. Wheelchair accessible.

It's frustrating when you know all the answers... but nobody bothers to ask you the questions.

why pay city prices?

Country Good Times - 2003

There were tasty firemen's
burgers, live entertainmet,
rides, games of chance, and a
colourful parade and more at
this year's Wilberforce
Country Good Times. Fun
was had by the many who
attend this year's festivities.

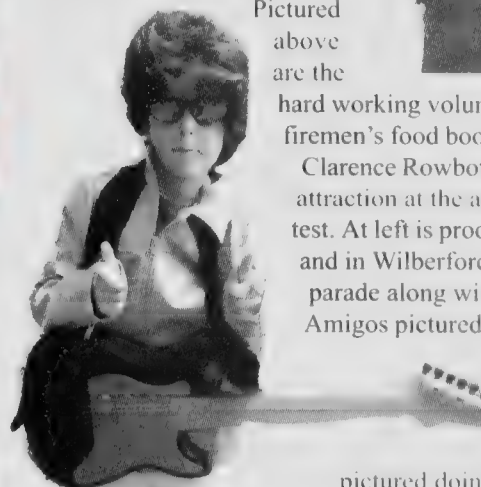

Pictured
above
are the

hard working volunteers manning the
firemen's food booth. Right above is
Clarence Rowbottom - a popular
attraction at the annual Talent Con-
test. At left is proof that Elvis is alive
and in Wilberforce - he attended the
parade along with one of the three
Amigos pictured above. The week-

end was definately
something to
sing about
(Leah Johnson is

pictured doing just that).

Wilberforce 20th Agricultural Fair In August

Celebrating their 20th year, the Wilberforce Agricultural Society's annual fair is shaping up to be a good one – and one not to miss!! It's a good old-fashioned country fair and this year promises to be the best ever. Bring family, friend and neighbours to help celebrate!!

The festivities get under way on the Friday night with the exciting Pony Pull event. It's a crowd-pleasing competition where man and beast master muscle and desire to pull the stone boat the distance.

The next morning the fun begins in earnest with memorable activities for kids of all ages. Everyone loves a wagon ride, especially when Duke and Lion, those two magnificent oxen, are at the yoke. See vintage cars, a canoe maker, quilters, and other local crafters. Learn the old time art of rope-making or watch the kid's eyes light up as our face painting clown does her magic.

Don't forget the ever-popular mutt show, the teddy bear parade and the baby contest. Of course, what old time fair would be complete without a goat or poultry show? Then there's the simple joy of cold ice cream on a hot summer day. It's a time to kick back, meet your neighbours and experience the wholesome memories that only a small country fair can provide.

Youth under the age of 16 can acquire a passport at the entrance gate to begin their fair adventure that ends with a free hot dog and a drink

There's so much more. Great food hot off the grill, colouring contests, domestic science exhibits, ribbons, cash prizes, cake auctions, petting zoo and a bevy of other interesting activities that make for a wondrous and exciting day. And it all ends with the Giant Balloon Lift where participants let the rest of the world know about all the fun they missed.

More than ever, it's a true community event and a labour of love made possible by a small army of wonderful advertisers, sponsors, volunteers and participants. So join the fun and enjoy the biggest little fair around.

Friday August 8

Gates open at 6 p.m.

Food booth, ice cream stand

Domestic Science Exhibit

7 p.m. - Pony Pull – a spectator favourite!!

Saturday August 9

Gates open at 9 a.m.

Petting Zoo

Domestic Science Exhibit

9:30 a.m. Poultry Show (Check-in at 9 a.m.)

Dalrymple Rabbitry

10 a.m. – Teddy Bear Parade

11 a.m. - Baby Show

Children's Games begin

11:30 a.m. – Goat Show

12 noon Yoke of Oxen Display / rides

12:30 p.m. Mutt Show

2:30 p.m. Horse Draw

4:30 p.m. Cake Auction

5:00 p.m. Giant Balloon Lift

Dinner at the Lloyd Watson Memorial Centre.

Don't forget to get your fair book to see what great contests you can enter – from baking to arts, photography, and so much more, there are tons of categories – all nicely presented in one booklet. If you can't find one, contact Carol Lee, Secretary / Treasurer at 448-2683.

Rotary Carnival Coming To Haliburton August 6th

Midway rides, games of chance, children's events and much more await all who attend this year's Haliburton Rotary Carnival taking place August 6 in Haliburton.

The fun begins around noon with the opening of the midway featuring rides, games of chance and food booths. In the afternoon children's activities presented by C.H.A.C.E. place will be taking place under the big tent at the band shell.

At 2:00 the return of the camp canoe races takes place at the band shell beach. This is a 1 km race on Head Lake that sees competitors from our local camps. Great for spectators too.

The Rotary Mile Race gets underway at 4:30 (registration). The race is open to all ages and begins at 6:30.

At 7 p.m. be prepared to line the streets of Haliburton for this year's parade. The fun continues back at the midway for the evening. At 10:30 p.m. the Haliburton Rotary Club will be making the draw for this year's 2002 VIBE. You can purchase tickets right up to the time of the draw, so be sure to get your ticket you may be driving away in a brand new car!

There is something for all ages at this year's Rotary Carnival that is truly fun for the whole family. Be sure to attend and be prepared to have some fun!

The Rotary Mile

If you like to race then be sure to sign up for this year's Rotary Mile footrace taking place during the annual Rotary Carnival on August 6.

The race offers cash prizes, door prizes and merchandise prizes for those who participate. This annual race sees anywhere from 60 – 95 participants of all ages. There is a special race for children that begins at 6:30 p.m. and an adult race that begins at 6:45 p.m.

The cost to participate in the 1 mile race is \$16 for adults and \$10 for children. You can sign up for the race at Curry Motors in Haliburton up to 6 p.m. the day of the race.

Hey ... Be Part of the Parade!!!

All you creative people out there – why not decorate your vehicle, car, trailer, whatever and enter your float in this year's Haliburton Rotary Parade.

The theme this year is "Fun in the Sun". The parade is held in Haliburton on August 6 starting at 7 p.m.

For more details or to register your float call Bob Nichol at 457-1949. The more the merrier!

Also, if you are a youngster and would like to participate in this year's parade feel free to dress up your bicycle or yourself and join in the parade. Children are encouraged and very welcome to join in the fun. Lets make this year's parade one not to forget!

Lange On The Law

One Lawsuit for Each Case

A plaintiff may only sue once in the court system for each case. He or she must bring forward the entire subject matter of the case at one time and claim every court remedy which flows out of the subject matter of the case. There is no opportunity to sue in a second lawsuit for something that was inadvertently or intentionally left out of the first lawsuit. The legal doctrine which prohibits more than one lawsuit for each case is called the doctrine of *res judicata*. *Res judicata* is a Latin phrase which means that "it has passed into a matter adjudged." The plaintiff is "estopped" (stopped) from launching a second lawsuit.

The doctrine also applies to the defendant. He or she must bring forward every defence based on the subject matter of the plaintiff's case at one time and any related counterclaim to the plaintiff's claim.

The doctrine of *res judicata* is a fundamental doctrine of the justice system in Canada and it is based on two traditional policy considerations: firstly, the ground of public policy that it is in the interest of the public that an end be put to litigation, and secondly, the ground of individual right that no one should be twice vexed by the subject matter of the lawsuit. Other considerations include the courts' scarce resources and the additional financial burden to the litigants.

In the next column, I will be talking about the meaning of a motion in a lawsuit.

Winner of the BBQ for the Spot Steve Contest was Inga Franzen of Minden.

There were actually 9 small "Steve the Carpenter Ants" and one larger one in Steve's directory ad. Answers of both 9 & 10 were entered into the draw as they were both right. (We really didn't need the one in Steve's ad mentioned as it was not a small ant - but we counted them as correct as well.)

The ants were found in: My Crazy Aunts Attic, Home Support, Elephant Lake Lodge, Schwandts Tim-br Mart, JK Services, Photo Solutions, Highland Leisure, Haliburton Rent-all and H&R Block

The family fun continues with a whole new lineup of movies planned in August for **Movie Night at Club 35**.

The Thursday evening movie nights provide free entertainment for the whole family – even the popcorn is free. Each movie night features a different theme and children are encouraged to participate – prizes are awarded for all who do.

Movie time is 7 p.m. every Thursday evening – Club 35 is located on Hwy 35 just north of Carnarvon. For more information you can contact Alisha at 766-9968.

The following is a list of what movies are playing in August and what the theme is for that evening:

August 7 – Kangaroo Jack – Theme 'Do what you can do to be a kangaroo'

August 14 – Agent Cody Banks – Theme 'Bring your special agent accessories'

August 21 – Sky Kids 2 – Island of Los Dreams – Theme 'Dress up spy kid style'

August 28 – The Wild Thornberry's – Theme 'bring a friend for our final movie night'

Remember that the movie nights are free. Money donations are appreciated. Proceeds go towards Recreation for the Stanhope Community. Non-perishable food donations for the local food bank are also appreciated. Chips and pop are available every night for \$1 each, but the popcorn is FREE!!

Heinzler Electronics Now a Partner With Avery Audio

Fred Heinzler of Heinzler Electronics and his wife Laura, have some big news to share! On August 1st, after 13 years in business, Heinzler Electronics will be going into partnership with Avery Audio in Dorset, where Laura has worked for the past 16 years. Along with Fred and Laura, Dale Webb, another long time employee of Avery Audio, will be taking over as the new owners from previous owners, Jeff and Judy Avery, who will be retiring after 20 successful years in business.

Fred, Laura and Dale are really looking forward to combining the two businesses and would like to assure their customers that everything will primarily stay the same. Although Fred's customers may have a little further to go, they'll find the benefits, now available to them at Avery Audio will outweigh the few extra miles.

As well as receiving the same high quality service in your area that you have come to expect from Heinzler Electronics, you will now have the opportunity to have knowledgeable staff answer your questions, 7 days a week from 9:00 am to 9:00 pm.

Avery Audio has a wide variety of products and services to offer you. Their 3,000 sq ft. show room, 4 service trucks, Home Theatre Sound Room, Big Screen TV Showroom, High Definition Satellite TV Showroom, Whirlpool, Inglis and Roper

Laura, Fred & Dale

Avery Audio in Dorset

Appliances, High Speed Satellite Internet, Central Vac, Video DVD Rentals, Security Systems, Satellite Phones, and Residential and Commercial custom structured cabling installations for audio-video security systems are quite an impressive array of services.

Fred, Laura and Dale would like to take this opportunity to invite all their customers, present and future, to their Grand Opening on Saturday, August 2nd and Sunday, August 3rd at Avery Audio located on the Main Street in Dorset (just down the road from Robinson's). The Opening will have an Island theme with

plenty of fruits and refreshments as well as many free giveaways. All three of the new partners will be on hand for the weekend events, so be sure to stop and let them introduce themselves.

To reach Avery Audio or Fred Heinzler, call 705-766-2422

*From the sketch-book of
Artist & Naturalist David Alexander Risk*

The Eastern Chipmunk is beautifully marked and easily identified, with bright eyes and a sharp little face, rusty coat and striped markings as a form of camouflage. The chipmunk devotes much of summer and fall months to storing food in its burrows. Cute and readily taught to beg for food, this little fellow will always be a favourite in cottage country.

Best wishes
David

Rotary Car Draw
Early Bird Winners Picked...
Get Your Ticket for Grand Prize

You still have time to get your ticket for this year's big Rotary Car Draw which could win you a brand new 2003 Chevrolet Tracker or \$25,000 cold hard cash!!

For those of you who got your ticket early, the early bird draw was held recently at Curry Motors. There were five early bird tickets drawn, each for a \$500 prize package from five participating sponsors.

The winners of the draws were as follows: Mac Gadway of Harcourt won a \$500 prize package from Sir Sam's, George Bosch of Belleville won a \$500 prize pack from the Haliburton IGA, Bill Schell of Huntsville won a \$500 prize back from Valumart, Gary MacDonald of Haliburton won a \$500 prize package from Delta Pinestone Resort, and Ed & Jennifer Bloom of Barrie won a \$500 prize package from Curry Motors.

Now you best be grabbing a ticket soon so that your name will be in the drum for the BIG draw being held at the Haliburton Rotary Carnival on August 6. You can purchase tickets right up until just before the draw which is taking place at the Carnival at 10:30 p.m. Tickets are available at Curry Motors and other locations before the draw.

Picking the winning tickets for the early bird draw are, left to right, Steve Roberts, Leigh Bull & Dave Bishop.

August 14th - **New Critter on the Block** Discovery Day at the Frost Centre. Learn about the reintroduction of Elk in our area.

Art Auction Features Work of School Faculty

Art collectors, students, faculty and enthusiasts are among the many who will be attending this year's Haliburton School of the Arts Auction being held at the Delta Pinestone Resort on Thursday, August 7.

Everyone is welcome to attend this fund raising event that features the work of the faculty of the Haliburton School of the Arts. You have the chance to bid on a number of pieces in a variety of mediums be it paintings, sculptures, and so much more.

With over 100 works of art generously donated by faculty and friends, the auction inspires spirited bidding and lively competition.

Funds raised provide scholarships and bursaries for Haliburton School of the Arts students. This financial assistance is instrumental in enabling students to access educational opportunities that enhance, challenge and develop their skills.

The preview begins at 5:30 p.m. and the auction begins at 8 p.m.

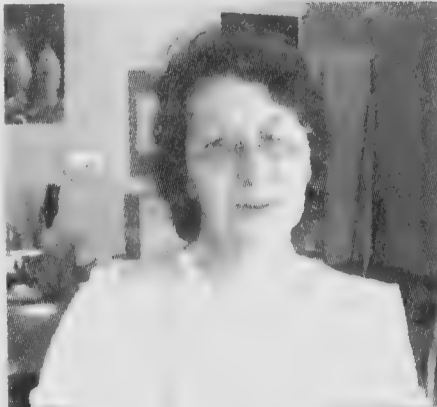

Soft Stuff Ice Cream Shop Opens In Gooderham

Are you tired of hearing those grumbling voices behind you while you're trying to decide which of the 400 flavors of ice cream (maybe a bit of an exaggeration) you feel like having? Summer is too short to be standing around trying to make those kind of decisions. Why not make it easier on yourself by stopping by Soft Stuff, the new ice cream shop on Hwy. 503, just on the outskirts of Gooderham.

Owner, Bev MacDuff decided to keep things simple and offers good old fashioned soft ice cream in vanilla, chocolate or you can go wild and mix the two with the vanilla/chocolate swirl. For those needing a little more, the delicious banana splits, 3 kinds of sundaes (with whip cream, nuts and a cherry on top!) and milkshakes are sure to hit the spot. Bev's creamcycle milkshakes are the best!

Bev and her husband, Bradley of Gooderham, decided in the spring to start building on their property when their son, Kirk approached them and said he was interested in opening an old style butcher shop and deli. As Bev says, "I've always wanted an ice cream shop so we thought we'd make the building large enough to combine the two businesses.

The brand new building is located on the same spot that

Bev's previous business, BMD Restaurant was before it was destroyed by a fire in June of 1998. The fire was very devastating for Bev, who had worked hard renovating and making the restaurant into something she was proud of. She was also looking forward to adding an area to the restaurant for her soft ice cream shop.

Now five years later, Bev has her shop albeit not exactly as she had expected it but as she says, "You have to learn to take everything in stride. I'm looking forward to working away and giving it a try."

I'm sure Bev's two grandchildren, Dawson and Danaya won't want to miss out on a visit to grandma's now that she has her own ice cream shop!

Bev MacDuff serves up a delicious soft ice cream cone, one of many selections available in her new ice cream shop on Hwy 503 just south of Gooderham.

The Ray and Caryl Miller Private Endowment Collection

Couple Donates Collection To Help Various Local Charities

Keeping up in a time of government cut backs, inflation, and the high cost of living isn't easy for anybody, but in the Highlands, we're certainly blessed to be living in a community that works together to keep our various charities and local programs going, as well as realizing how important these services are for the well being of our county. In small areas such as ours, with so many worthy charities in need of ongoing funding, it can be hard at times to know how we can help, but giving is a gift and every little bit makes a difference in making the Haliburton Highlands a unique community of people who care about one another.

For Caryl and Ray Miller of Eagle Lake the fine art of giving shines at an upcoming Art Show & Sale featuring original works by David Alexander Risk. Caryl and Ray commissioned David's August 2003 Collection of original landscapes, titled 'Wilderness Jewels', and the couple are donating them to the community.

The collection will be featured at an Art Show & Sale - 100% of the proceeds of the collection will be going to 8 of our local charities. These inspiring creations of nature's glory will range in price from \$250.00 to \$15,000.00.

The charities that will be receiving the benefits of this momentous event are the Big Brothers, Big Sisters of Kawartha Lakes-Haliburton Inc., the Children's Foundation (Kawartha-

Haliburton), the Haliburton Fire Department, Ontario Early Years Centre-Haliburton, Victoria Brock, the Haliburton County Public Library, the Haliburton 4 C's, the Haliburton County Home Support Services and the Haliburton County Emergency Medical Services.

The idea for this fundraiser was as Caryl says, "A four person deal." Caryl, Ray, David and his wife Sharon are long time friends and together they came up with the idea

last year. Caryl explains, "We wanted to come up with something that the charities and the people giving could both benefit from. By donating David's collection, (or the miniature jewels, as she refers to them as), the person giving is acquiring a superb piece of art as well as an investment. We're very excited about this event and to have the opportunity of giving something to these organizations. There are many little stories we could tell about how each of these charities have come in to play for us in one way or another."

Through the generous donation of The Ray and Caryl Miller Private Endowment Collection, these organizations will have the opportunity to help a few more people in the community.

Caryl is also very excited about the Wilderness Jewel Collection and being able to share with others, the incredible talent

Vicky Lentz - July 28 - August 30
"Rural Routes" From the Easel of a Back-roads Painter

The Rails End Gallery is very excited to announce the opening exhibition of New Brunswick artist, Vicky Lentz. Vicky's plein air paintings of rich, vibrant colours will take you to hills and forests, through meadows and wetlands and to other places brimming with life.

Come meet this talented artist and hear a brief talk about her exhibition at the Rails End Gallery on Monday, August 4th at the Faculty Show's wine and cheese reception from 4:45 - 6:15 p.m. This exhibition is

Sponsored by Haliburton Water Sports
 (www.haliburtonwatersports.com) and Bray Miners Associates.

E.G. Blundell - August 13th - Sept. 2nd

Gary Blundell sculpts wood surfaces then layers them with bright, earth-coloured oil paints and plaster.

The results are bold, torn and rugged interpretations that allow the viewer to experience the mysteries found in rock

Come meet this local artist and hear a brief talk about his exhibition at the Rails End Gallery on

Saturday, August 16th at his Opening Reception from 2 - 4 p.m.
 Sponsored by Eagle Lake Foodtown & LCBO Agency, Eagle Lake.

Art Sale For Charities

... from pg 52

of David Alexander Risk. David explains that his fascination with light in the wilderness has led him to paint "exquisite little masterpieces" for the new show. Wilderness Jewels. These terrifically challenging paintings let you feel the power of nature's light through the beauty of lightning, the magnificent Northern Lights, mist shrouded sunrises, lakes on fire at sunset, the still of night with starry heavens and moonscapes. This show of paintings will rejuvenate your soul and give you a deep sense of oneness with nature."

For David, knowing that the proceeds raised from the sale of this collection are going to such worthy causes takes on a few different meanings for him. He explains, "It's wonderful to be able to give something back to the community and to see people uniting in an effort to help one another. We hope by choosing these charities as the recipients, it will bring an awareness with it about some of our lower profile charity organizations and that the funds will be going towards enriching the lives of people in the community as well as maybe saving a life."

David also hopes that his landscape paintings will bring an awareness of something that is very close to his heart, our endangered wildlife and wilderness areas. According to David, "We need to increase our awareness about the endangered wilderness areas that are right on our doorstep in the Highlands. We are all here as stewards of our surroundings and as we're passing through life, we're supposed to protect what we have. Without these wilderness areas there will be no wildlife."

Show & Sale To Commence August 16 Preview August 15.

The Ray and Carol Miller Private Endowment Collection Art Show & Sale will be hosting a preview of the collection 'Wilderness Jewels' on August 15th, from 7:00 pm to 10:00 pm and a Grand Opening on August 16th, from 1:00 pm to 4:00 pm at the Alexander Fine Arts Gallery located on Main Street in Haliburton. The opening will feature musicians, Stan Russell on Guitar and Jeff Tenkortennar on Violin. The collection and display will be ongoing until December 24th.

For more information or for any questions you may have, please contact the Gallery at 457-1317.

trails&tours network

Get Your Car Washed & Help A Great Cause

If you need your car washed, have it done on Saturday August 2nd between 10 a.m. - 2 p.m. in Haliburton and you will be helping a great cause.

The fundraising car wash is being held at the MDS Laboratory Parking Lot (York Street) and is sponsored by Teens of St. George's Anglican Church and the Haliburton United Church.

Bake Sale

This group is also holding a Bake Sale on Friday, August 8 from 9 a.m. - noon at Sharpley's Bike Shop in Haliburton. Get a pie or loaf of bread for the weekend and help support the Teen Mission Team Venezuela project.

What is Teen Mission Team Venezuela? ...

What is the Teen Mission Team Venezuela project (TMT Venezuela)? There is a joint Haliburton United church and St. George's Anglican Church youth group venture planned for the next March Break.

This very enthusiastic and energetic group of sixteen teenagers, (with five adult advisors), are joining together to make a dream a reality - a youth mission trip to Venezuela.

The umbrella group taking care of most of the details is called Global Youth With a Mission (GYWAM). They'll look after travel arrangements, accommodations, setting up a work project, providing an interpreter, etc.

It is expected the work project the group will be involved with will be a habitat for humanity project. Working in a local orphanage will likely occur also. There are a lot of musically inclined people going on the mission trip so it is hoped there will be an opportunity to "jam" with the people there as well.

Each of the teens is expected to come up with \$200 towards the cost of the trip. This means they may need to raise as much as \$20,000 to help subsidize this mission trip.

The group has lots of fun fundraising events planned already, but they are definitely open to more suggestions, and, of course, as much help as possible.

If you require further information or to discuss this project, please feel free to contact Jan Johnston at 457-1715 or Theresa Riley at 448-2669.

Funding Dollars Available for Water Quality Protection Programs

Funding is being provided by the Healthy Futures for Ontario Agriculture (HFOA) for Water Quality Protection Programs in Haliburton Highlands. The HFOA is a program administered by the Ontario Ministry of Agriculture and Food to provide funding for water quality protection projects. The Township of Minden Hills in partnership with the Township of Dysart et al and The Township of Algonquin Highlands in partnership with the Haliburton Farmers Association will operate jointly administered programs.

A total of \$304,000.00 of funding assistance is available for water quality protection projects and programs.

These two programs are offered to all farmers, rural landowners and rural businesses with eligible projects within Haliburton Highlands. 50% funding of the eligible project costs is available with a \$150.00 administration fee per applicant.

The following is a full list of eligible projects applicable to one or both of the programs: Barnyards: Including Farm Manure and Compost Storage, Overflow/Leakage Structure, Roof Structure for existing Farm Manure and Compost Facilities, Roof Structure for Livestock Yard, Clean Water Diversion, Surface Water protection, Chemical Storage, Fuel Storage, Abandoned Wells, Well Remediation, Deadstock Composting, Agricultural Recycling, Rural Water Efficiency & Availability, Improved Manure Management, Nutrient Management Plan, Silage Storage Remediation, Fertilizer/Nutrient Solution Management in Greenhouses, Erosion Control Structures, Fragile Land Retirement

One fundamental difference between the two programs is that the Algonquin Hills and Haliburton County Farmers Association Program requires participants to have completed an Environmental Farm Plan. The Environmental Farm Plan is an independent program (two sessions) where participants undertake an environmental self

assessment of their farm. At the end of the program and with the approval of the Environmental Farm Plan Review Committee, \$1500 is available to undertake projects to correct environmental problems on the participant's farm. Further information on the Environmental Farm Plan is available from the Program Administrator for the Water Quality Protection Programs.

Although there are two separate programs for water quality protection in Haliburton they are administered jointly to assist the applicant with the funding process and to efficiently manage both programs. There is one Program Administrator and one Approvals Committee for the two programs.

Assistance will be provided by the Program Administrator to help determine the best solution to your water protection situation. Site visits will be made upon request to respond to specific questions about the eligibility of projects. Information packages, suggestions for potential project design, referrals and program eligibility requirements will be provided by the Program Administrator. In addition a site visit by the Program Administrator is required for any potential project before approval can be provided by the Approvals Committee. A final inspection by the Program Administration is conducted upon completion of the project before funding is paid.

The projects are not restricted to farmers. There are several projects that can pertain to the rural landowner (e.g. well remediation and abandoned wells) and others that can apply to rural businesses (e.g. fuel storage). Contacting the Program Administrator is an important key to discovering if your project can be funded.

For further information contact: Bill Olan, Program Administrator, Rural Water Quality Protection Programs for Haliburton Highlands, C/o Township of Minden Hills, PO Box 359, Minden, ON, K0M 2K0 - Phone (705) 286-1260 Fax (705) 286-4917

Linda Burnett, 23, a resident of San Diego, was visiting her in-laws and went to a nearby supermarket to pick up some groceries. Several people noticed her sitting in her car with the windows rolled up and with her eyes closed, both hands behind the back of her head.

One customer who had been at the store for a while became concerned and walked over to the car. He noticed that Linda's eyes were now open, and she looked very strange. He asked her if she was okay, and Linda replied that she'd been shot in the back of the head, and had been holding her brains in for over an hour.

The man called the paramedics, who broke into the car because the doors were locked and Linda refused to remove her hands from her head. When they finally got in, they found that Linda had a wad of bread dough on the back of her head. A Pillsbury biscuit canister had exploded from the heat, making a loud noise that sounded like a gunshot, and the wad of dough hit her in the back of her head. When she reached back to find out what it was, she felt the dough and thought it was her brains. She initially passed out, but quickly recovered and tried to hold her brains in for over an hour until someone noticed and came to her aid.

GHOST STORIES

The following is a fun little column for those who like ghost stories... Whether these are true or not we don't know, but they are stories told by those who believe they saw real ghosts!! If anything, they do make for interesting little stories... enjoy...

The Ghost in the Burning Building

On November 19, 1995, Wem Town Hall in Shropshire, England burned to the ground. Many spectators gathered to watch the old building, built in 1905, as it was being consumed by the flames. Tony O'Rahilly, a local resident, was one of those onlookers and took photos of the spectacle with a 200mm telephoto lens from across the street. One of those photos shows what looks like a small, partially transparent girl standing in the doorway. Nether O'Rahilly nor any of the other onlookers or firefighters recalled seeing the girl there.

O'Rahilly submitted the photo to the Association for the Scientific Study of Anomalous Phenomena which, in turn, presented it for analysis to Dr. Vernon Harrison, a photographic expert and former president of the Royal Photographic Society. Harrison carefully examined both the print and the original negative, and concluded that it was genuine. "The negative is a straightforward piece of black-

The ghost is this picture is seen at the railing (far right).

and-white work and shows no sign of having been tampered with," Harrison said.

But who is the little girl? Wem, a quiet market town in northern Shropshire, had been ravaged by fire in the past. In 1677, historical records note, a fire destroyed many of the town's old timber houses. A young girl named Jane Churm, the legends say, accidentally set fire to a thatched roof with a candle. Many believed her ghost haunted the area and had been seen on a few other occasions.

**Interested In Your Family History? ...
Don't Miss Family History Day at the
Minden Museum**

Browse the many displays and sale booths of our province's
genealogy groups on Saturday, August 16th from 10:00 am to
4:00 pm at the Minden Hills Museum. Genealogy groups from
as far away as Kingston and Peterborough will be joining our
local group as well as someone on behalf of the Ontario
Genealogy Society and will be available to chat with as you
check out the various resource publications and publications
on sale at the many informative displays.

Different members of the various genealogy groups will be
offering lectures on various topics such as aspects of
researching. For example, if you are searching for information
on your ancestors, one of the experts might be able to give you
a few tips on places to begin searching like wills, censuses or
land records.

Refreshments will be available on site as well, so for all you
history buffs, this is your chance to talk to some pros! Admission
to museum and grounds will be \$2.00 per person. For more
information, call 286-3154.

Brain Teaser of the Month

Woman in Vanity? ... or Skull?

What do you see when you look at this pic? If you see a skull, try holding this picture back a bit and look again. Do you see the woman looking into a vanity mirror? Once you see it, it's hard to see the skull again. Cool!!

Haliburton Legion Flea Market and Craft Show Returns

It's time again for the Legion Ladies Auxiliary Flea Market and Craft Show at the Haliburton Legion. On Saturday, Aug. 23rd from 9:00 am to 3:00 pm there will be lots to browse through as you chat with the various vendors that will be displaying their wares. The addition of a baking table and a silent auction table are an added bonus for this event that takes place twice a year. The Ladies Auxiliary's July show was a great success, so there looking forward to seeing everyone coming out again for the one in August.

Vendor tables are still available for a cost of \$10.00 per table. If interested or for more information, give Jutta a call at 457-4500.

Stanhope Amateur Built & Ultra-light Fly-in

Look up, way up and all around on August 9 & 10 at the Stanhope Airport and you will see a bunch of Amateur Built and Ultralight planes – it's the annual Fly-In!!

This event is great for all who like to see really neat planes close up. There is a breakfast and lunch being served from 8 a.m. – 2 p.m. so you won't go hungry while admiring the planes.

Spot Sam The Advertising Man for your Chance to Win \$50!

How would you like to win \$50 cash? Well it's easy with the Communicator!

Just read all the ads and keep an eye out for Sam - The advertising man. We will be hiding a few Sams in various ads throughout the publication, so look for more than one. Once you think you have found all the Sams you can, write down how many you spotted, in what ads, the publication date, your name, address and telephone number, and mail them, email them or fax them to the Highlands Communicator.

The first correct answer pulled from entries received wins \$50! It's that easy and it's fun too!

There were 7 Sams in total in last month's issue. They were hidden in the following ads: Helping Hands Foster Care, Curry Motors, Master's Bookstore, Paul Espie Insurance, Northern Palm Bakery, Casey Concrete Products, & the Pepper Mill Restaurant.

The winner of last month's Spot Sam contest is Helen Cox of Minden

Want to learn a little about the "Natural World" and have fun while doing so? Then be sure to come out any Tuesday in Haliburton at Glebe Park, or Wednesday in Minden at the Minden Hills Museum, and participate in the

Junior Naturalists Summer Program.

The weekly programs are for children around the ages of 7 - 12. The cost to participate is \$10 per day per child.. You can attend all or just one or two - it's up to you. It is recommended that you pre-register for these events by calling 457-5357.

The following is a list of this month's activities:

What A Waste - August 5 in Haliburton, August 6 in Minden
Where does all your garbage go? What happens when it gets to the dump? Are you creating too much? Learn all this and more.

Owls and Birds - August 12 in Haliburton, August 13 in Minden.
Identify birds by their shape in the sky. Learn what an owl had for lunch by looking at the pellet it spits up.

Nature Crafts - August 19 in Haliburton, August 20 in Minden
Make fabulous gifts and other items from things we find outside.

Wetland Wonders - August 26 in Haliburton, August 27 in Minden
Look and listen for frogs and toads; see some wetland plants and discover the importance of these fragile ecosystems. (The Haliburton session of this day will take place at Snowdon Park, on County Rd. 1, .3 km south of the junction with Cty. Rd. 16.)
